

# ANGLO-FRENCH WAR COUNCIL NOW IN SESSION IN PARIS

Paris, Nov. 17.—The first meeting of the joint Anglo-French war council was held this afternoon. Those taking part were Premier Asquith,

A. J. Balfour, first lord of the admiralty; David Lloyd-George, minister of munitions; and Sir Edward Grey, secretary of foreign affairs of the

British cabinet, while the French participants were Premier Briand, General Gallieni, minister of war; Admiral Lacaze, minister of marine and

General Joffre, the French commander in chief. The trip of Premier Asquith and his colleagues to Paris signifies the inauguration of the meetings of the allied war

council of which the premier spoke of in the house of commons on Nov. 10. The fact that the premier is accepted by naval and military advisors is an indication

that wider co-operation of the staffs of the two nations also is about to be instituted as was foreshadowed in the premier's speech. The four British ministers

on arriving in Paris were met by Premier Briand, who gave a luncheon and reception in their honor before holding of the war council. This afternoon the British

ministers had a conference at the admiralty. Tonight they will dine with President Poincare and will return to England, probably tomorrow morning.

### TRIPLE ATTACK CRUSHING SERBIA; GREECE NOT A SECOND BELGIUM; GERMAN SUBS IN MEDITERRANEAN; RUMANIA MAY JOIN THE TEUTONS

Paris, Nov. 17.—"Our expedition in the Balkans is reaching a critical stage," telegraphs the correspondent at Saloniki, Greece of the Journal.

"Do not expect to find a second Belgium. Greece will not hesitate to permit passage by the enemy through her territory as she now permits ours. We must defend ourselves alone and unaided against the triple attack of the Germans, Bulgarians and Turks. The enemy's plan is being carried out and may be realized rapidly. The German fleet of submarines in the Mediterranean has just been quintupled.

"I advance nothing whereof I am not absolutely sure. We must be prepared for any news, even the most unexpected and even that which seems the craziest. We must have reinforcements in large numbers at once or re-embark while there is yet time."

### BRITISH HOSPITAL SHIP IS SUNK; EIGHTY-FIVE ARE LOST

London, Nov. 17.—The British hospital ship Anglia was sunk by a mine in the English channel today. Three hundred men were saved out of a total of 385.

A statement issued by the official press bureau gave the news of the disaster. It is said that of the thirteen officers and 372 men on board the Anglia 300 had been saved.

### MYSTERY SURROUNDS BURNING OF COTTON

Providence, R. I., Nov. 17.—One thousand bales of cotton in the East Providence warehouse of the River Spinning company were destroyed by fire early today. The company, it was stated, had contracted to supply the allies with a specially prepared product, to be used in the preparation of gun cotton.

The origin of the fire is undetermined. It was said that there was no heat in the four story brick structure where the cotton was stored and that the lighting power had been turned off last night. The loss is estimated at \$50,000.

### "Ridiculous", Branded White Auto Plant Sale

Cleveland, Nov. 17.—Rumors in local financial circles today were still rife that a deal is pending for the sale of the White Automobile company here to the J. P. Morgan interests in New York. President Winsor T. White of the company, when asked about these re-

### AUSTRIAN SUB SUNK ANCONA IS OFFICIALLY ASSERTED

The latest figures received in New York placed the number at 290 out of 507 passengers and crew aboard the Ancona.

Washington, Nov. 17.—An official communication from Austria-Hungary, forwarded to Secretary Lansing today by Ambassador Penfield denies categorically that any shots were fired at the Italian liner Ancona after she came to a stop, or that the Austrian submarine which torpedoed her, shelled her lifeboats as has been charged.

Washington, D. C., Nov. 17.—Detailed information concerning the sinking of the Italian liner Ancona was awaited today by administration officials from the American government through Ambassador Penfield at Vienna.

The Ambassador has instructions (Continued On Page Six)

### N. J. LEADERS AND WILSON CONFER

Washington, Nov. 17.—To smooth out difficulties in the way of party success in New Jersey will be the subject of a conference at the White House today between President Wilson and Democratic leaders of that state, including among others, Governor Fielder.

Governor Fielder has already announced that he would not be a candidate for the United States senate.

Other participants in the conference included State Chairman Grosscup and Thomas H. Birch, United States minister to Portugal, who is in this country on vacation.

He did not deny the reports when asked about them, but declined to make a definite statement that he would be a candidate for Democratic nomination

### PLAYWRIGHT'S DAUGHTER IN THE MOVIES

Miss Helen Pollock.

That Miss Helen Pollock, daughter of Mr. and Mrs. Channing Pollock (Anna Marple), will be one of the most successful of ingenues in the prediction of the directors of the film company for which she appeared in the film version of "When a Woman Loves." Miss Pollock comes of a long line of theatrical ancestry.

### Mother To Let Babe Die Rather Than Live An Imbecile

Chicago, Nov. 17.—Mrs. Anna Bollinger told today the story of her consent to let her six day old baby boy, deformed in body and mind, die rather than live a life "barren and useless." The mother confined to her bed in the German-American hospital, agreed with Dr. H. J. Haiselden chief of the hospital staff to sacrifice the child when a simple operation would assure its life. The infant, if it lived, Dr. Haiselden said, would be a mental and perhaps a moral

defective. He therefore with the consent of the child's parents declined to perform the operation.

Death is expected to take the infant within 48 hours.

"It is not heartless of me," Mrs. Bollinger said, "I love the little deformed one as I love any three other healthy children but the doctor told me it would be, perhaps, an imbecile, a criminal, if left to itself it has no chance to live. I consented to let nature take its course."

### CONFESSES ROBBERIES TO SHIELD SWEETHEART

Columbus, Nov. 17.—To shield his sweetheart, who was held on a charge of having burglar tools in her possession, Lee Lester, 26, of Parkersburg, W. Va., has made a confession to United States District Attorney Stuart R. Bolin in which he admitted complicity in as many as nine postoffice robberies in Ohio and West Virginia.

Lester's confession is said to clear up postoffice robberies at Hartford, W. Va., Reedsville, Ohio, Sardis, O., Ripley, W. Va., Oak Hill, W. Va., and postal jobs at Mason City, Nicolette and St. Mary's, all in West Virginia, "pulled off" in fall and winter of 1914. The total loot from these crimes was \$2,822 in stamps and \$360 in currency.

### Many Trying To Buy Steel Products

Pittsburgh, Pa., Nov. 17.—Agents of the French government have been trying for several days to place an order here for 9,000,000 hand grenades but they have met with little success. More foreign agents are now in the Pittsburgh district trying to buy steel products than at any other time in the history of the

### VILLA FORCES ROUTED

Douglas, Ariz., Nov. 17.—What is said to have been the first fight in the new general offensive against General Francisco Villa occurred yesterday at Villa Verde, 25 miles south of Naco, Sonora, Mexico, according to advices received here today.

Colonel Lazaro Cardenas, commanding the Carranza advance guard of about 2500 cavalry is reported to have dispersed the inferior Villa force at that point.

Carranza forces in Northern Mexico, today's war department despatches show, have their campaign against the retreating Villa columns in full swing. Villa himself was reported near Magdalena General Cardenas, with 2,000 troops has left Naco to begin the engagement with Villa and General Obregon, the Carranza commander in chief is expected to leave today with several thousand reinforcements.

### PRESIDENT INTERVENES

Washington, D. C., Nov. 17.—President Wilson today urged Governor Spry of Utah, to reconsider the case of Joseph Hillstrom, a Swedish citizen, sentenced to death next Friday for murder. The president sent to Governor Spry the following telegram:

"With unfeigned hesitation, but with a very earnest conviction of the importance of the case, I again venture to urge upon your excellency the justice and advisability of a thorough reconsideration of the case of Joseph Hillstrom."

### GOING UP! OIL HIGHER

Lima, O., Nov. 17.—Another rise in the price of all grades of crude oil was recorded by the Budgetary Type Line Company here today. The increase was the same as on Tuesday, five cents, with the exception of Plymouth, which jumped ten higher. This leaves the selling prices as follows:

North Lima, \$1.23; South Lima, \$1.23; Indiana, \$1.05; Wooster, \$1.30; Illinois, \$1.37; Princeton, \$1.37; Plymouth, \$1.13.

### DENIES RATES EXCESSIVE

Columbus, Nov. 17.—The Baltimore and Ohio railroad is the first company to file answer with the Public Utilities Commission to the complaint of the Pittsburgh Vein Operators' Association that coal rates on intra-state shipments are excessive. It denies that the rates are excessive.

Seattle, Wash., Nov. 17.—Rescue parties which labored in 90 minute shifts all night, are still at work today endeavoring to recover the bodies of 25 men buried under tons of debris in the third level of the Northwestern Improvement Company's coal mine at Ravensdale, 35 miles southeast of here. An explosion in the mine yesterday killed 31 men and injured three others.

The bodies of six, including Foreman P. J. Kane was recovered last night, and the rescuers have hopes of reaching two more within a few hours but the others are so far back in the wreckage choked level, 1500 feet underground that it is feared it will take many hours to reach them.

Reports circulated last night that fire in the mine was delaying the rescuers' later were declared to be untrue.

The cause of the explosion still is undetermined although it is believed that coal dust was ignited by a "windy shot." The force of the explosion tore down timbers and supports all through the mine and the rescuers were compelled to build new supports as they cleared away the wreckage.

Expert rescue teams from the United States Bureau of Mines Station in Seattle and from coal camps on both slopes of the Cascade mountains were rushed to Ravensdale to assist in the rescue work. After entering the third level, where Foreman Kane's body was found, the oxygen helmet men announced that there was no doubt that all still in the mine were dead and the workers devoted themselves to clearing away the debris so they could reach the bodies.

Approximately \$124,000, it is said, will be paid from the state Industrial Insurance fund to the families of the miners who lost their lives in the district yesterday. The law gives \$4,000 for each man, provided he is married, and a lesser amount for single men. Only seven of the 31 who lost their lives were single.

### P. O. CLERKS AND CARRIERS STRIKE

Fairmont, W. Va., Nov. 17.—Twenty-five clerks and carriers in the post-office here, practically the entire force, struck this morning as a protest, it was said, against the discharge of W. H. Brand, assistant postmaster, and three other employees. About twenty employees were still left in the office, but as they were largely carriers of the rural free delivery service, the

handling of the mails for Fairmont was seriously hampered. Postmaster Manley was compelled to close the office and bring the postal service of the city to a standstill when he discovered he could not open the safe.

It was stated that every striking employee had last night sent his resignation by mail to the department in Washington.

### STATE AUDITOR MUST PAY THE SALARIES OF PROVISIONAL EMPLOYEES

Columbus, O., Nov. 17.—State Auditor Donahay was ordered to pay the salaries of new provisionally appointed state employees by the Franklin county court of appeals, in a decision handed down today.

The pay of about 300 employees, largely in the department of the Industrial commission, is affected by the court's action. The auditor had declined to issue warrants for their salaries, pending the supreme court's action. The auditor had declined to issue warrants for their salaries pending the supreme court's determination of the constitutionality of the new civil service law.

He held they had been appointed under that law and that if it should be held unconstitutional, the state might be liable to pay the salaries of employees who were dismissed, and whose places the provisional employees filled.

Incidentally, the court of appeals sustained the validity of the new civil service law. Judges Fernald, Kunkle and Allread concurred in the decision. The court also affirmed the right of a state official to appear in his own defense in any case, despite the law which makes the attorney general the legal defender of all state officials.

## Says Note Given To Pay Gambling Debt

The common pleas court of this county will be called upon to decide whether a promissory note given in payment for a gambling debt is valid, judging from the answer of R. A. Davis, defendant in an action for many filed several weeks ago, by Clifton P. Groves. The answer was filed this morning by Davis' attorneys, Blair and Kimble. In his answer, Davis admits having executed the note, but claims that he gave it to Groves in payment for money lost at a game of chance, and now asks that Groves' petition be dismissed. By way of cross-petition he asks judgment for \$10, the amount which he claims he has already paid on the note. The case was brought to the court of common pleas from the court of Squire Walden of Sciotoville.

## LUCASVILLE AND STOCKDALE CAMP FIRES HOLD INITIATORY COUNCIL FIRE

Last Saturday eleven of the girls of the Lucasville Shawnee Camp Fire and their guardian, Mrs. Hannah Cockerell, motored to Stockdale and held an initiatory Council Fire for the girls of that place, who are organizing a Camp Fire there. The trip was made in the Parry and Moulton machines, operated by Frank Spriggs, one of the Seniors in the V. T. H. S., and brother, Oral Spriggs.

The day was a perfect one; the hazy hills, the autumnal vistas of red and brown and yellow, the shifting view of cabin, farm-house, fields, and finally a sight of the new O. & N., with its attendant picturesque bungalows, work and confusion, all formed a part of the memory to be cherished of a happy time. And the girls enjoyed all the day, as only lovers of the "open road" and a jolly crowd can.

When at about 12:30 Stockdale was reached, the party was greeted at the big K. of P. hall, by all the members of the new Camp Fire, with their guardian, Mrs. Clyde McKinley, and were served to a splendid dinner, the menu consisting of:

- Baked Beans
- Bread and Butter
- Salmon Croquettes
- Creamed Potatoes
- Pickles
- Catsup
- Peaches with Cream
- Coke
- Coffee

During the meal some of the incidents that occurred in camp this summer were recalled by the Shawnee girls and the time was spent with this and other pleasant agreeable conversation. A toast to the successful future of the new Camp Fire was given by Miss Nolla Yeager, which was gracefully answered by Mrs. Clyde McKinley.

After dinner the Lucasville girls were taken to the home of Mrs. McKinley to den the Council Fire dresses and make ready for the ceremony. Mrs. McKinley has been until now a wood-gatherer in the Lucasville Camp Fire and has just taken up the splendid work of guardian to this new Fire. She will make an enthusiastic and conscientious leader in the work at Stockdale, and the Shawnee Fire regrets the loss of an earnest and willing member.

In full Council Fire dress, and with an unusually strong program, the ceremony of the Council Fire was carried through. The entrance to the circle was accompanied by slow organ music by Miss Hazel McKinley, in camp-fire name "Ehaur." Mrs. Cockerell conducted the program, as is usual, and commended the girls upon the beads won with a very pretty and earnest speech and talked earnestly upon the seven points of the law. Among the several honors illustrated was the exhibition of the art of bandaging for cut in lower arm, and use of the triangular bandage, by Lorraine Brant, Wagoner.

This knowledge is required for the attainment of the rank of Fire Misher. Two of the girls had abstained from the use of candies, etc., for one month; some had performed home duties; one learned the varieties of cattle; another could name trees; and still another gave orally "The New Relation of Woman to the World." Following the awarding of honors came the taking in of the new members, i. e., installing the new Camp Fire. The girls of this new Fire, eight in number, expressed their desire to become Camp Fire Girls and obey the "Law of the Fire." The Stockdale lodge is to be called the Ylanah Camp Fire, and the charter members expressing the desire were: Lena Elhoff, Lena Snyder, Gale Lorch, Mary Dawson, Louella Reigel, Evelyn White, Nora Bennett and Leola Dixon. The usual songs of the organization were sung to-morrow with the introduction of a new one, original with the Shawnees, embracing the three points, Work, Health and Love. With the closing song, "The Sun is Sinking in the West," the girls filed upon the stage of the hall and an appropriate closing speech was made by Hazel McKinley, thanking the Ylanah Camp Fire for the splendid entertainment arranged. Miss Gail Lorch responded with a few hospitable words. By request four of the Ylanah girls sang the beautiful

"Evening Bells" with the several parts, and it won hearty appreciation from the listeners. Those of the Lucasville Camp Fire present were: Mrs. Cockerell, Helen Moulton, Mildred Miles, Lucy Smith, Marie Parry, Florence Cockerell, Helen Miller, Fannie Taylor, Hazel McKinley, Madeline Smith, Lorraine Brant and Nolla Yeager.

The sun was sinking in the west, almost, indeed, when the goodbyes were said and the two camp-fires parted until such a time when they may meet again in joint council.

## POLICE NEWS

Oscar Case was the name given by a plain drunk who was fined in police court Wednesday morning. He had Dressler arrested Tuesday for alleged stealing four bottles of beer from the saloon and also suspected him of knowing something about ten dollars that had disappeared from the office safe.

## MILK MADE BREAD SELLING RAPIDLY

"The sale of 'Milk Maid' bread has gone far beyond my fondest expectation," said Adam Pfau, proprietor of the Model Bakery, Eleventh street, Tuesday evening. The bread is without a doubt one of the best ten cent loaves in the country, being mixed with pure cream and milk and retaining its goodness until the last crumb is gone. Mr. Pfau is now turning out more than 1000 loaves daily and expects to increase his output at once. The bread is sold by practically every grocery in the city, and the uniform quality has made it a delight for everybody. In "Milk Maid," "Buster Brown" and "Quaker," Mr. Pfau has three great brands of bread, and it is little wonder that he and his splendid corps of bakers are kept bustling at the sanitary bakery. adv 1-4

Here It Is, "The Chalice of Courage", Columbia Tonight

That big thrilling picture production that you have been hearing so much about for the past several weeks is in Portsmouth today.

Of course, we mean "The Chalice of Courage," which Manager Tynes offers to his patrons at the Columbia this afternoon and evening. And, furthermore, just listen, he says, "YOUR MONEY BACK if you are not satisfied with this picture." Could anything be fairer than that? He knows that this is such an excellent photo production that he wants all his friends and patrons to be sure and see it.

Right at the opening of Cyrus Townsend Brady's pictureized story, "The Chalice of Courage," the hero is placed in an extraordinary position. The horse being ridden by his wife along a mountain trail makes a misstep and rolls down a steep cliff. The woman is mortally injured and he does the only humane thing under the circumstances. Later this hero, Newbold by name, becomes a recluse in the mountains, where the other threads of the story are drawn together.

The picture is of the West, from first to last. The plot is adequate for six interesting parts, and consistent, too. Mountain scenery in all its infinite variety, from Spring to the dead of Winter, was perfectly photographed and tinted and toned to produce the most natural of atmospheric effects.

Myrtle Gonzalez plays the part of an Eastern girl, who through the workings of fate becomes snowed in through the long winter months with Newbold as her only companion. A romance that buds in the beginning of their sojourn, blossoms into full flower when the warm breath of Spring brings a rescue party. The recluse is enacted by William Duncan, the support being in the capable hands of George Holt, Natalie De Lontan, William V. Ranous, Anne Schaefer, Otto Lederer and others.

You simply can't afford to miss this master-piece production. One hour and thirty minutes of intense interest and highest class entertainment.

First evening show promptly at 6:30, then at 8:00 and 9:30. Adults 30 cents, and children under 12 at 10 cents.

Robert Warwick at the Lyric Tonight, "The Vampire" Comes Tomorrow

Don't overlook the Lyric tonight, if you want to see a wholesome romantic dramatic treat. Robert Warwick in "The Stolen Voice" is a

splendid picture, a story that sparkles with fascinating action, beautifully staged and well acted. In the cast are Violet Horner and Frances Nelson, two clever, pretty actresses who will make a hit with you.

Olga Petrova, the beautiful queen of emotional acting, will be the star tomorrow in her great success, "The Vampire," a five-act production of Kipling's great poem. This is a high-class production, one that cannot be classed with anything you may have seen with a similar title. It is in no way a repulsive picture, but an ultra high-class pictureization of this world famous poem. Petrova is a dramatic queen, and is distinctly different in this role than any of the others who may be called "wonderfully repulsive" or "wickedly beautiful." Olga Petrova is a beautiful woman. She has a heart; she appeals to your better nature; she is loved by women and children; she teaches you a moral, and her play is clean and wholesome. "The Vampire" is an intense, powerful and realistic photo-play, in which the regeneration of a woman more sinned against than sinning, is tellingly depicted, and if you don't get to see it you will miss one of the best dramatic offerings of the year.

Remember, too, that Elsie Janis is due Friday in that snappy, dashing romantic comedy drama, "Twas Ever Thus," and Saturday brings the big Griffith star, Harry Carey, in "Just Jim," a big, throbbing drama, in five acts.

### Four Big Reels at Majestic Theatre Tonight

One of those strong society dramas—one dealing with real life—entitled "Reincarnation," a Thanhouser production, featuring Florence LaBadie and Harris Gordon, will be the headliner at the Majestic theatre, Second street, tonight. This is a powerful play, one full of emotion and sentiment, and is bound to more than please. It is one of Thanhouser's best two reels and in all big cities shows at 25 cents. "A Question of Honor," a one reel drama, will follow. This is a heart interest play and above the ordinary. The big program will come to a close in a hilarious comedy, featuring George Ovey as "Jerry" in "Making Matters Worse." This is a screen from beginning to end and there is enough humor in this production to make a person happy for a month. The admission is only five cents, and you simply cannot afford to pass up the Majestic tonight.

"The Witness" At The Exhibit  
James Thorn, a defrauding bank cashier, alters the books of the head bookkeeper, Fred Carlisle, to cover his own crime, and Carlisle is arrested and jailed. Carlisle learns that Thorn is guilty and visits him. In the interview between the two men, Carlisle is shot dead, the tragedy is reported as a suicide. Thorn's son, Carl, a studious boy of seven, concealed himself behind the window draperies and is an unwilling witness. The boy tells his grandmother, who never from that moment for many years trusts him out of her sight lest he reveal the secret.

This is an offering which usually would command double the price of admission.

"Dimples and the Ring," a Vita comedy, completes this great program for today.

Admission as usual, five cents.

At The Strand  
"The Pine's Revenge," Rex two reel drama of the great northwest, relates a red-blooded story of giant trees retaliation upon a renegade forest incendiary, who sets it afire. A love story of surpassing interest is cleverly woven into this drama. Cleo Madison and Lon Chaney are featured.

"No Flirting Allowed," L-Ko riot of fun, led by Hank Mann, Peggy Pearce, Dick Smith and Sylvia Ashton. They violate the park rules by flirting and what happens will make you laugh till you cry.

"In the Hills Beyond," Powers Virginian drama, with Sidney Ayers and Doris Pawn.

Temple Theatre Tonight  
The proceeds of the Temple theatre will be given over to the Ben Hur Marine Club tonight. They have arranged for their program a gripping story of the west entitled "Breezy Bill, Out Cast." The cast

"The Broken Coin" At The Arcadia  
"On the Battlefield," in two parts, an other episode of the "Broken Coin," shows where Sachio and his army are surprised by Count Frederick and his troops and the war between Grabaffen and Gretzhoffen is on in earnest.

"Scandal In the Family" is an L-Ko comedy in two parts. It treats of father and two other fossils and their adventures while out airing in the park.

"Hearts and Clubs" is a very humorous Joker comedy about Mrs. Screen and her husband. "Not A Lamb Shall Stray" completes the usual Wednesday bargain day program.

# Wants To Know About Reservoir

Mayor Adam Frick is growing somewhat impatient over the apparent delay towards restoring the city reservoir and on Wednesday made public the following letter that he addressed to the engineers in charge:

Messrs. J. F. Witmer Company, Engineers, Buffalo, New York.

Dear Sirs: On the afternoon of October 3rd, last the reservoir gave way, putting this service out of commission. On the 8th you advised that you wanted ten days to secure advice from another engineering concern. On the 30th we noticed an article in the local press concerning this same reservoir. Now on the 17th there still remains no report on what your or the contractor's intentions are with reference to this restoration of service to the city.

It is my intention to keep well abreast of the city's interest in this matter and now ask that you be informed as to what is going on.

Respectfully submitted,  
ADAM FRICK,  
Mayor.

# HON. WALLACE D. YAPLE IN AN AUTO ACCIDENT

Chillicothe, Ohio, Nov. 17.—Hon. Wallace D. Yaple, chairman of the State Industrial Commission, Mrs. Yaple and Attorney James I. Boulger had a remarkably narrow escape from serious injury or even death in an automobile accident Monday afternoon. The accident happened near Asheville.

Mr. and Mrs. Yaple and Mr. Boulger had been in this city and were on their way back to Columbus. The trip was being made in Mr. Yaple's car. They left this city early in the afternoon with Mr. Yaple driving.

Near Asheville, in the northern part of Pickaway county, on the Walnut creek road, the rear wheels of the machine skidded on the muddy road. An effort to keep the automobile in the road proved unavailing. It slid violently to the side of the road, two wheels went down into a ditch and the car turned turtle.

The only thing that saved the occupants was the fact that the top was up and prevented them being pinned down and crushed beneath the heavy body. As it was they were only slightly injured.

The car was taken into Asheville and the party went on to Columbus.

# FROM WAY OUT IN COUNTY COMES A VOICE TELLING OF TANLAC

Of no other country under the sun may it be so truly said, that "The farmer is the backbone of the nation", than in case of the United States.

The agent here in Portsmouth for the "Master Medicine", reports that a remarkably large number of people from practically all over Scioto county are purchasing this new medicine, and most invariably receiving good results from its use.

Mrs. Cynthia Swift, who lives on a farm near Sciotoville, Ohio, says:

"I am delighted with Tanlac. A short treatment of it has relieved me of nervousness and insomnia."

Thousands are testifying daily, that Tanlac truly is the "Master Medicine."

A run-down, nervous condition in case of both women and men, in most instances be traced to a deranged condition of the digestive organs of the body. Catarrh of the head quite often extends to the stomach and intestines, producing chronic dyspepsia, sleeplessness, loss in weight, sallow complexion and an emaciated look.

Dull headache, a stopped-up condition of the head, continual clearing of the throat, and a tendency to easily contract colds and sore throat are symptoms of the existence of catarrh.

Tanlac is a product of herbs, roots and flowers, gathered from many of the remote parts of the earth, and blended into this wonderful preparation by the famous chemist, Trimbach.

Tanlac proves effective in instances of stomach, liver, kidney and intestinal disorders, catarrh of the mucous membranes and rheumatism.

Tanlac is now on sale in Portsmouth at the Fisher & Streich Pharmacy, corner Sixth and Chillicothe Sts., where representatives are daily explaining Tanlac.

# MAKE THE ROADS BETTER BY JESSE TAYLOR Editor of "Better Roads and Streets"

Road agitation should be kept in every county and township. Ancient wisdom built roads for war, but modern thought wants roads for commercial and industrial reasons and for pleasure.

Do you know that the Federal Government has as much right to build road construction as it has to build post offices, construct locks and dams in our rivers and keep our harbors open?

Good intentions go a long way, but you really have to get the money before you can build a road.

The construction of one mile of good roads will breed the desire for more miles.

Without care and some proper system of maintenance our roads will always be just as you see them now.

Your grandfather's way of building roads will not hold up under present day traffic.

The road question has ceased to be a local one and it is now inter-county, inter-state, and nation-wide.

Don't try to repair your road with politics, for it will make two holes where one now appears.

A bad foundation insures a bad surface.

## ANNOUNCEMENT!

I take this method and opportunity to announce to the general public that my new Jewelry Store, 829 Gallia street, which, judging from my experience as a jeweler, and the high character of my personally selected stock should result in taking high rank in the local mercantile world, will be open for business

### Thursday Morning, November 18th

I believe the good people of Portsmouth and vicinity are well acquainted with my ability as a mechanic. Incidentally my friends say that I have fully established my abilities along the jewelry line. I confidently admit that I know that my stock of goods will please all, for they were purchased under my personal direction, and at prices that will enable me to sell at much less than others ask.

My store room has been remodeled throughout, and I believe will compare favorably with any of the many jewelry stores in the city. I expect to merit the patronage of the general public, because I will sell honest goods at honest prices. I intend to build my business on the solid foundation of honesty---giving people value received for every penny spent over my counters. That method will win every time.

I believe that you will agree with me when you have a chance to inspect my stock, that a neater, better assorted stock never graced any jewelry store. I purchased my goods away down, taking advantage of many bargains offered me. I intend to give you the benefit of my purchases. Hence, this store should by all means be Portsmouth's Christmas Jewelry Store.

My optical department is ready, and I guarantee complete satisfaction in the fitting of glasses --- otherwise my services will not cost you a penny.

You are most cordially invited to step in and examine my store. The latch string is always hanging out and you will be made perfectly welcome at all times.

Respectfully yours,

# Elegantly Appointed Smoke House Is Formally Inspected

Formal opening of the Smoke House's beautiful new quarters in the Richardson block on Chillicothe street Tuesday evening was an event that will long be remembered in the city. Few cities the size of Portsmouth can boast of a more up-to-date place.

The handsome fixtures down stairs are of the very latest design, the show cases are of an unique and attractive make, the plate glass front is constructed along new lines and the poolroom with its 12 tables on the second floor is ideally equipped. They are finished in mission, there are individual coat hangers for each player and every little convenience that makes for good service has been provided for by Proprietors Frank Stanton and George McMahon, who were showered with congratulations last night by a throng that taxed every inch of floor space in the new quarters.

It was conceded that the Smoke House is modern in every detail, and is a credit to the city. The arrangements are simply ideal. Plans for the extensive improvements were drawn by Architect Ritter and Bates.

Caution was given away as souvenirs last night and many hundreds of them were handed out. The Anderson Trio was stationed on the second floor and discoursed sweet music for the opening, which was a magnificent success. The Smoke House is a veritable club house, and is sure to be well patronized by lovers of the weed and those who like to show their skill as a pocket billiardist.

The first game of pool in the new place was played by Edward "Irish" Conwell, and he had the honor of beating J. F. Potts. In the second game Carl Snyder beat Earl Hamrah.

# Judge J. W. Bannon Is New Head Of Local Bar Assoc'n

Preliminary arrangements were made at a meeting of the Scioto County Bar Association Tuesday evening for a banquet of the association at an early date. Judge A. Z. Blair is the chairman of the committee named to have charge of the arrangements. The other members of the committee are Anselm Skelton and Stanley McCall.

The resignation of George O. Newman, former dean of the local bar, who recently moved from this city to Columbus, as president of the association was reluctantly accepted, and Judge James W. Bannon was unanimously chosen in his stead as president for the coming year.

Other officers elected were: Vice president, Theodore K. Funk; secretary, J. F. Johnny; treasurer, Frank W. Moulton; librarian, Arthur H. Bannon; trustees, Judge A. T. Holcomb, Judge George M. Osborn, Judge James S. Thomas, George D. Seidler and Henry T. Bannon.

D. W. Gustin, new law partner of George M. Osborn, who has entered the local practice during the past year, was elected into membership in the association.

Over twenty attorneys were present at the meeting, which was presided over by J. P. Pardon. The meeting adjourned to meet Tuesday evening, November 30.

# The Cause of Anaemia

It is universally known that iron is a very important element of the blood, and lack of it is the direct cause of run-down conditions and anaemia. It may interest our readers to know that Druggist Frank Amano, of this town, has in Vinol a reliable, constitutional remedy for such conditions. Vinol supplies iron to the blood in its most soluble state, then there's the nourishing properties of beef peptone and the medicinal curative extractives of fresh cod livers, without oil, all dissolved in a pure native tonic wine. That's what makes Vinol so successful in overcoming iron deficiency and anaemic conditions.

# Many Recoveries From Lung Trouble

Ekman's Alternative has restored to health many sufferers from lung trouble. Read what it did in this case:

Wilmington, Del.

"Gentlemen:—In January, 1905, I was taken with hemorrhages of the lungs. My physician, a leading practitioner, said that it was lung trouble. I got very weak. C. A. Lippincott, of Lippincott's Department Store, Wilmington, Del., recommended Ekman's Alternative that had done great good. I began taking it at once. I continued faithfully, using no other remedy, and finally noticed the clearing of the lungs. I now have no trouble with my lungs. I firmly believe Ekman's Alternative saved my life." (Abbreviated.)

## AS MEMORY RECALLS.

At a banquet in this city, given shortly after his election and at which he was one of several other guests from abroad, Congressman C. C. Kearnes, got the approving hand, when, with much emphasis, he declared in substance he was an American first and a Republican next and as a member of congress he would hold up the president's hands, wherever he was thought right.

The hands that form these lines did not join in the applause, the mind that directs them was half idly wondering if any of the cheering auditors noticed the qualification, the hole that the wary speaker was digging to crawl out of, questioning in fact whether the speaker was in earnest purpose, or merely juggling words together to catch a fancy that then seemed dominant in the public mind—standing by the president. Since then we have given, in the light of more recent events, a deeper consideration to the episode and we are altogether assured in the opinion first formed was correct. Last winter when the Sprague gerrymander now laid away in its own stenchfulness, was first incubating, Congressman Kearnes, in company with his one-time opponent from this county, appeared at Columbus and there was a lusty rivalry between the two worthies as to which could howl the loudest and kick the hardest against the shameless thing. When it was enacted Kearnes "writ a piece" especially for the G. O. P. organ of this county, in which he practically told us he loved us no more and did, in truth, express his unqualified approval and satisfaction in having Scioto county cut off from his district. Now, before the corpse has become cold, he hastes here and fervidly renews his vows to undying affection and just to prove it, appoints his private secretary from this city, to the keen disappointment of a certain female, who thought she had it stowed safely away in her National Bank.

So it will be that way when Kearnes gets to congress. He will eat his words, or what his hearers in the heartiness of their welcome took to be his words; he'll never stand by the president, because he will never find the president right, at least, the probabilities are his party caucus, which will do his thinking for him, will never say he is.

Hist. Keep it dark. It now looks as though the esteemed anti-saloon league were to have a wee small hand in the naming of the new member of the Scioto County Liquor Licensing Board to succeed Judge Frank L. Sikes, in case it is decided to not reappoint him. As hitherto related Hon. John Eckhart and Hon. Roy McElhaney are periphrastically after the place and now it is learned that the names of A. Spencer Cole, Harzell Evans and Ralph Thomas are also submitted for consideration. As the Drys control the state liquor licensing board it would not be surprising were one of the three last named to land as they are open and avowed prohibitionists. They certainly would see to it that the dispensers of demon rum toe the mark and keep it toed all of the time.

The "decentralization" of the Agricultural Commission is complete. Last year more than 3,000 boys entered the lists for Corn Boy's prizes in the Junior Contest and more than 800 of them secured free trips to Washington through the Commission's activities. This year less than 1,000 entered, and while the official conduct is secret, it is believed that not more than 50 free trips were offered. And the money that was intended by the legislature to give the girls a course at a domestic science college has been spent by a wasteful board to provide sinecures for political barnacles.

Well, it is all over with poor Sam Harper, promise or no promise. The edict has gone forth that he shall stay at New Boston and shall not grace the Kupa administration as its city engineer. Young Wendelken and young Harwood are under consideration, so it is said, while the friends of A. T. B. Somerville are urging a boost in salary of the office to meet a figure at which he would accept the place. Salary boosts are not overly popular however and it is extremely doubtful if any change will be made to accommodate the Somerville backers.

For the life of us we can't fathom the significance of this deep and profound silence on the part of the once peerless leader of the Willis force, so quickly and completely unperplexed that he migrated to the gang, boot and baggage. Can it be that "Young Doc" has got it nailed down and copper-riveted this time?

From a recent experience, that included hoisting better than two hundred pounds up a hundred hills, each a mile higher than the other and 50 per cent steeper, we can't see why they call it possum hunting, when there ain't no such thing as a possum in forty leagues, never was and never will be. As to the possum dog—well he is just dog.

Yes, in another week, we will have forgotten all about temporary bridges and temporary roads and be bragging we've got the finest bridge and the best roads in the state—ever excepting that three miles of concrete.

Considering the grace and aplomb with which Clink presided at each and every meeting of the gangsters, we figure a safety directorship might pay, especially in the mere more or less honorable mention.

## WANTED---A MAN OF DESTINY.

## SENATOR BURTON'S VISIT.

There is some talk among Republicans locally of making a demonstration here upon the occasion of the visit of Hon. Theodore Burton to the city to address the banquet of the board of trade in December or January. It seems to us that it would be entirely proper, especially if the political part is kept somewhat separate from the regular board of trade affair. Mr. Burton is a national figure, he will have the unanimous backing of his party in Ohio, and it is well within the range of possibility that he may be the candidate of his party for the presidency. Under the circumstances we can understand why the Republicans of Portsmouth should wish to make more than an ordinary showing when he comes here, and we do not see wherein they should be criticised. As a matter of fact we should all join in extending welcome to the distinguished visitor, and in helping to make his stay among us a memorable event.

If President Wilson were to be the guest of the city we are quite sure that his party would flock to Portsmouth to greet him and hear him and we cannot see impropriety in Republicans arranging to receive their leading statesman in similar manner.

In most cities nowadays the complete blockading of a sidewalk on a busy street is not tolerated, no matter what improvement is going on. The contractor is required to keep the sidewalk open and to erect a temporary covered shed to insure the safety of passers-by. We are reminded of this by the blockade in front of the old opera house. This matter can be taken care of by the contractor, and his work can proceed without inconvenience to the people, if the effort is only made. It is not right to force people to walk in the street for months, and the matter should be looked into.

By-the-way, Portsmouth and New Boston are not the only towns in old Scioto that are growing. There is Sciotoville besides and Wheelersburg, that altogether cosy village that is perking up considerably too.

The Republican politicians do not want prohibition submitted again next year fearing submission will hurt their party ticket. The outcome will show us what is the power back of the throne in the Anti-Saloon League.

The remnants of the old gang is engaged in its ancient past time—hunting for the scalp of one Frank L. Sikes.

With plenty of apples and more than an abundance of hickory nuts we can all live high, and what's the use of bothering about the cost. Let the groceryman do the worrying, he's used to it.

As the happy groom-to-be, the president can well afford to pardon the growth of the grouch.

## WORKING IN DETROIT

(By H. M. S.)

Sir John Neu, Lord High Constable-elect to the Court of Sir John W. Byren, Lord Chief Justice of Court street, who has gone to Detroit to take a position with the King Motor company until the first of the year, writes a Times man that he is nicely located at 51 Kercheval avenue. John opines that if he is anywhere near as handy in building autos as he was in smashing them when he tries to drive the critics, he'll be a howling success in his new line of work. He expects to return to Portsmouth about January 1st to take up his work of chasing "boot-leggers," "wife-thumpers," "non-supporters" and other pesteriferous folk of the middle, the high and the low. He says Detroit is sure some "burg."

## NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, Nov. 17.—Despite what is technically known as the his heralded extravagance, it seems to be reliable information that Vernon Castle has gathered together enough money to give his tired feet a vacation. Everything points to his withdrawal from the tango world the first of the year and his entrance into the theatre of war.

He will join his company in England and use his nimble skipping feet in dodging shrapnel. Mrs. Castle is also through with dancing and while Vernon is shooting the enemy she will spend the winter at their country home near New York.

Salary experts have estimated that within the past three years the Castles have made a couple of millions. They say Vernon has half of this money salted away for that day it rains.

Bonnie Glass, another dancer, is going to quit the tango life. She is to marry a very prominent Kentuckian and loll away the winter hours around the parlor lamp. Since skating has become the vogue, dancers believe that there will be no more big fortunes for professional dancers—the professional skater will now come into his own and grab the big pay.

Raffling off ponies as dance prizes is one of the popular indoor sports on Broadway this season. One convivial gentleman tried to take a pony he won up in his apartment via the elevator the other night and the animal grew fractious and kicked the elevator runner so hard that he allowed the car to drop three floors before he recovered himself.

The "thousand legger" mustache is going to be more popular than ever this winter among the young blades who slick back their hair, wear spats and wrist watches and say "dear" for idea.

The tooth-brush facial adornment offers a field of endeavor for young men who have never been able to raise anything except

Old Ned. Fifth Avenue is packed at parade time these afternoons with young boulevardiers who delight in exhibiting their new growths.

New fangled remedies to make the mustache sprout rapidly are being offered in the drug emporiums and one street vender is hawking a "mustache fertilizer" on a down-town street corner.

Charles W. H. Needham, globe-trotter extraordinary, is in New York for a brief spell. Needham spent several years in darkest Africa, where he had some exciting experiences studying the home life of cannibals. Being a vegetarian, the life soon palled on him and the next that was heard of him was the news brought back by returning travelers that he was running the Sour Dough Restaurant at Nome, Alaska.

A town character used to spend his evenings loafing around the restaurant stove. He was a non-talkative person and each night he would sit aloof from the others and at a certain hour would mumble:

"Crickery, wish I had a cow!" Then he would lapse into silence for a long time but would finally exclaim: "Now, what do I want with a cow?" Needham didn't object to the visitor changing his opinion about the bovines, but the fellow got so on his nerves that he had to sell out and trek to his native town—Gallipolis, Ohio.

While sitting in the public square in Gallipolis one day watching the river traffic, a stranger tapped him on the shoulder. Needham turned and recognized the silent man from Nome. He was traveling about the country mending umbrellas and so far as Needham could ascertain by a careful and searching interrogation he had never come to any definite decision regarding the cow.

## REPORT SHOWS \$57,057.21 IN IRONTON TREASURY

The Ironton Irononian says: "City Auditor Dean has certified to Mayor Hamman the financial condition of the city. 'This shows that there is now \$57,057.21 in the city treasury. The report shows, however, that \$24,958 of this money is in the sinking fund, and that the public

service fund is overdrawn \$7,617. The public health fund \$130.60 and the Fourth street fund \$6,385.75; the total amount of overdraws being \$14,134.03. 'The semi-annual budget has yet been made up and sent to council but it will be pretty soon.'

## Lecture On India A Pleasing Event

An interesting lecture on India, its people and their customs, and the work which the Y. W. C. A. is doing in that far off country was delivered in the basement of Trinity M. E. church Tuesday evening by Miss Leila Guitman, foreign secretary of the Y. W. C. A., with headquarters in India.

Miss Guitman laid particular stress upon the Y. W. C. A. work in India, which among other things, includes the preparation of native girls as teachers of their own people in the religious, social, moral and athletic work outlined by the Association.

Special attention is paid to the young women and girls, who are given thorough courses in Bible study, religious work, education and vocational training. The more advanced pupils are trained to be leaders, and are of great aid to the foreign workers in elevating the standard of living.

Miss Guitman during her lecture, exhibited many interesting curios from India, where she has

been located for the past thirteen years. She is enjoying one year's furlough in this country, and is devoting her time to arousing sentiment in favor of foreign work in Ohio and West Virginia. She left early Wednesday morning for Columbus, where she is booked for an address.

Mrs. Henry W. Heer presided at the meeting, and Mrs. C. Lloyd Strecker added to the enjoyment of the evening with a pleasing vocal solo. A fine crowd was present.

## The Merchant Prince

There was an old geezer and he had a lot of sense; He started up a business on a dollar-eighty cents. The dollar for stock and the eighty for an ad Brought him three lovely dollars in a day, by dad!

Well, he bought more goods and a little more space, And he played that system with a smile on his face. The customers flocked to his two by four

And soon he had to hustle for a regular store. Up on the square, where the people pass He gobbled up a corner that was all plate glass.

He fixed up the windows with the best that he had.

And he told them all about it in a half-page ad.

He soon had 'em coming and he never quit, And he wouldn't cut down on his ads one bit.

Well, he's kept things humming in the town ever since, And everybody calls him the Merchant Prince.

## Where Noah Had It On Us Moderns

You remember Noah had to work a long time on that ark. It was uphill business, too, at best, to go toiling and sweating day after day in the hot, boiling sun, building a boat away out on dry land while the local anvil and hammer club sat around spitting tobacco juice upon his lumber.

Whittling up his pine boards with their jack knives and telling him what a fool he was to expect a big rain in a country that was too dry to grow alfalfa. But he kept at it. Finally the flood came and every mother's son of the croakers was drowned. This is the only instance we know of in either sacred or profane history where a bunch of knucklers got exactly what was coming to them.

## HEAD STUFFED FROM CATARRH OR A COLD

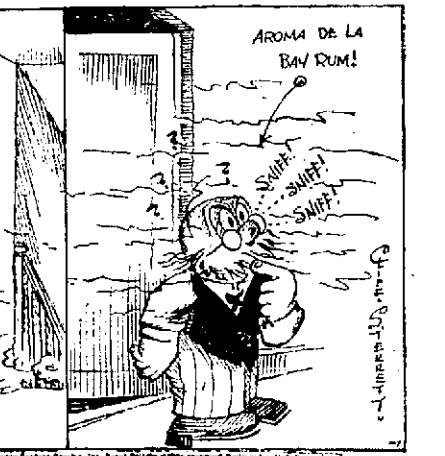

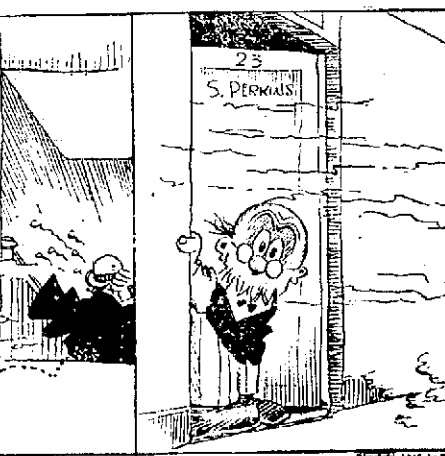

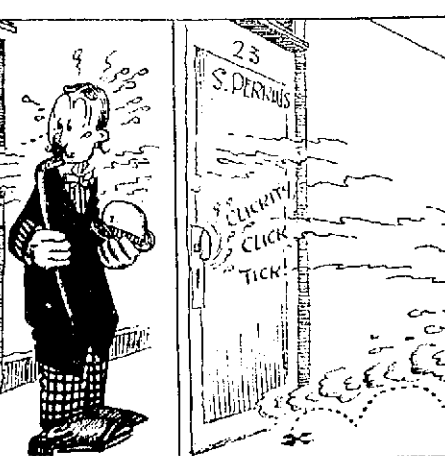

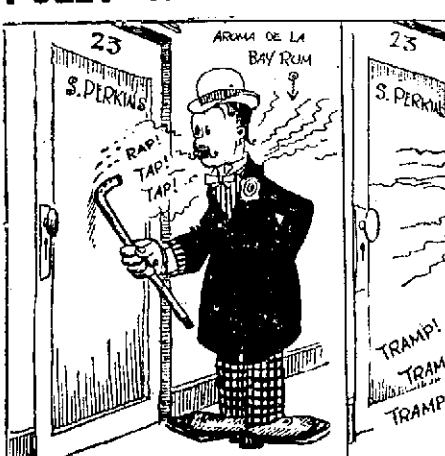

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hacking, sniffing, blowing, headache, dizziness, struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed with a cold or nasty catarrh.

## THE MARKETS

## NEW YORK STOCKS

New York, Nov. 17.—Heavy trading in coppers and various specialties at higher prices was counter-balanced by irregularity or heaviness in investment issues.

Coppers and such new speculative favorites as sugar shares, the Petroleum, United Fruit and Mercantile Marine were again the engrossing features today. Anaconda, Utah and China each on an active opening ascended from fractions to over a point, incidentally scoring new records.

Carbon sugar also made a new maximum opening four points higher at 138 to which another 5 points was soon added. South Porto Rico sugar rose 10 1/2 to 130. Fruit gained 5/4 at 160; California petroleum preferred 5 at 37 1/2 and Mexican petroleum preferred 4 at 90.

Bethlehem Steel was 4 1/2 higher at 44 1/2 and other war shares averaged one point advances.

Marine preferred declined 2 1/2 to 72 1/2.

Trading in the forenoon was extremely active with coppers supplying a large proportion of the turnover. All the metal group increased its initial gains but Marine preferred fell under 70 before support was forthcoming.

U. S. Steel soon rose over a point from its early apathy to 88 and Bethlehem Steel at 44 1/2 showed an overnight gain of 84.

General Motors rose 10 to the new record of 40 1/2 and other stocks of that class, as well as recent favorites like Baldwin Locomotive, Crucible Steel and Lackawanna Steel were in demand at gains of 2 to 4 points. Erie was the most active rail, with 1 point gains in Reading, Canadian Pacific, Great Northern and New

York Central.

## TRIPLE ATTACK

(Continued From Page One)

He adds:

"Our reinforcements are not anything like the number required. Our enemies have decided to nip in the bud at any cost our offensive in the east and are prepared to resort to any means to obtain the necessary assistance."

"Serbian resistance is weakening daily. The defenders of Babuna Pass will soon be surrounded and the road to Priepje and Monstir will then be thrown wide open to the Bulgarians."

"The hosts of Austro-Germans hurrying southward, are sending detachments ahead by forced marches on all available routes."

Bucharest, Nov. 12.—(Via London Nov. 17, Delayed in Transmission)—Former Premier Carp is credited by the newspaper *Adverul* with the statement that Rumania will take up arms on the side of Germany in December. The prediction is made by M. Carp that as soon as established communications make it possible, Germany will make new offers to Rumania in the form of an ultimatum requiring a reply within forty-eight hours.

Petrograd, Nov. 16.—(Via London Nov. 17)—Analyzing the conduct of King Constantine of Greece, the *Norve Vremya* arrives at the conclusion that his "friendly neutrality" is nothing more than open preparation for a future attack on the allied forces landed at Saloniki.

The war correspondent of the *Norve Vremya* warns the Russian people against jubilation over recent successes on the eastern front and says they still are confronted by a strong enemy whose superb technical equipment is far from being crushed.

The enemy assigns a maxim gun to every ten men," the correspondent says, "and his artillery abundantly supplied with ammunition."

Athens, Nov. 16.—(Via London, Nov. 17)—The newspapers here state that Earl Kitchener, British war secretary, has left Moudros for the Gallipoli Peninsula.

### 2,000 TAKEN

Berlin, Nov. 17.—(Via London)—Attempts of the Serbians to check the Austro-German drive have again failed, the war office announced today. More than 2,000 Serbians were captured yesterday.

### AUSTRIANS CAPTURED

Paris, Nov. 17.—An official Montenegro report says: "A Montenegrin battalion of the Sanjak army captured an entire company of Austrian infantry including the officers."

### BULGARS RETIRED

Paris, Nov. 17.—After a violent attack against Cleevo, the Bulgarians retired to the heights of Archangel, leaving numerous dead and wounded.

The French occupied the upper part of the citadel.

The Bulgars are reported to have evacuated their positions at Costarino.

### ARABS JOIN

London, Nov. 17.—According to reports from German sources forwarded from The Hague by the Central News, 12,000 Arabs have joined with the British army in Mesopotamia. This army is said to have approached within a few miles of Bagdad.

### BOMBARD COAST

Berlin, Nov. 17.—(Via London)—Russian destroyers yesterday bombarded Petragge, a German position, on the northern coast of Courland, and the region to the southwest thereof.

### Kitchener To Confer With Greek King

London, Nov. 17.—The Greek government appears to be adopting a less uncompromising attitude, says the Athens correspondent of Reuters Telegram Company. It is believed to be seeking a satisfactory solution of the question as to its attitude toward allied troops which might take refuge in the Greek territory, although it hesitates to make declaration in the form demanded by the entente powers.

The correspondent says King Constantine has expressed a desire to see Earl Kitchener, the British secretary of war, who is now in the near east, and discuss the situation with him from a military standpoint.

The diplomatic corps has gone from Monstir to Florina, just across the border in Northern Greece.

London, Nov. 17.—A dispatch from Reuters correspondent at Athens, says that according to infor-

mation received there from Saloniki the Serbians are still holding Babuna Pass. The time at which the message from Saloniki to Athens was filed, however, is not given.

"Desperate battles continue between the Serbians and Bulgarians in the Tetovo district," the dispatch says.

"Enforcements are continually arising on both sides, which shows the capital importance attached to this point by both staffs. The Bulgarians are still carrying on the movement intended to turn the Serbian positions at Babuna Pass and reach Priepje. If the movement succeeds, the Serbians will be forced to abandon Babuna, but the operation is considered hazardous for the Bulgarians, in consequence of the lack of practicable roads."

"Allied troops are leaving Saloniki daily for the Serbian front."

"In the Cerma river region the French victoriously repelled all Bulgarian attacks and the Bulgarians lost heavily."

### ON WAR'S VERGE

Milan, Italy, Nov. 17.—A dispatch from Bucharest to the *Corriere della Sera* says that the official journal there has published a decree authorizing the minister of war to requisition immediately all things and materials necessary to the national defense.

This is taken, says the newspaper, as an indication that Rumania sees the impossibility of maintaining her neutrality much longer.

## AUSTRIAN

(Continued From Page One)

to obtain data supplementary to the Austrian admiralty statement concerning the attack which has been submitted to Secretary Lansing by the Austrian embassy here. The statement said that an Austrian submarine sank the *Ancona* and claimed that ample time had been given for the escape of the passengers and crew.

Ambassador Penfield's report probably will not be received for a week, owing to difficulties of cable communication between the United States and Austria.

Paris, Nov. 17.—Investigation by the Italian government has disclosed that the submarine which torpedoed the steamer *France* was a German, says the Rome correspondent of the Journal. Possengers and crew of the steamer, all of whom were saved, are said to have stated that the sailors aboard the submarine wore German uniforms, and also that the German colors were hoisted first, although the Austrian flag was substituted later.

If the *France*, an Italian steamer, was sunk by a German submarine, it might be regarded by Italy as an act of war. There has as yet been no declaration of hostilities between Italy and Germany.

## WHO IS SETTING FIRES IN AMERICAN MUNITIONS FACTORIES?

Roebbling's war munitions plant in Trenton, N. J., burned last week with \$1,000,000 loss.

During the past few weeks a great many fires and explosions have occurred in war munitions plants in this country which are furnishing materials to the allies. Two of these fires, apparently of incendiary origin, occurred last week. One fire, which resulted in damage running into the millions, was in the Schwab steel works; the other, at which \$1,000,000 damage was done, destroyed one of the shops of the John A. Roebbling Sons' company plant at Trenton, N. J.

## Peace May Be Discussed At The Vatican

Rome, Nov. 16.—Cardinal Von Hartmann, archbishop of Cologne, will arrive here soon to remain for the consistory in December. It was officially stated at the Vatican today. This announcement, following the statement that Cardinal Mercier, primate of Belgium, also would attend the consistory, is considered significant as, because of the war, foreign cardinals are tacitly exempted from attendance at the consistory.

Cardinal Von Hartmann enjoys the confidence not only of the Pope, but of Emperor William. Cardinals Gasquet and Billot are on their way here to represent Great Britain and France, while the arrival of Cardinal Begin, archbishop of Quebec, is announced. The fact that ecclesiastics representing several of the warring nations will be at the Vatican at the same time, has given rise to the belief that steps toward peace may be discussed.

## BOOKER T. WASHINGTON BURIED AT TUSKEGEE

Tuskegee, Ala., Nov. 17.—Simplicity marked the funeral of Booker T. Washington, noted negro educator, race leader and author, which took place here this morning at Tuskegee Institute, which he made famous and which has taken such an important part in the elevation of the negro race. Fully 8,000 persons came to Tuskegee to pay the last tribute of respect to Dr. Washington, only 2,500 of whom could get into the chapel.

Prominent men from all walks of life, whites as well as negroes, attended the service. Burial was in the institute grounds.

## NEUTRALITY LAWS TO BE REVISED

Washington, D. C., Nov. 17.—Congress will be asked at its coming session to revise federal neutrality laws. This is one of the steps decided upon by the administration to enable the department of justice to deal more effectively with offenses against the United States growing out of the war. Prosecution of such offenses under existing laws virtually has been found impossible.

Attorney General Gregory, who discussed the subject at yesterday's cabinet meeting, announced that he would recommend to congress an amendment to the Sherman Antitrust law to make certain its application to conspiracies such as are believed to have caused recent strikes in munition plants, attempts to blow up ships and other activities designed to interfere with interstate and foreign commerce.

## COAST LINE IS WATCHED

Paris, Nov. 17.—Great Britain has requested the Spanish government to keep a strict watch along its coast.

## JAPAN IS HAPPY

Kioto, Nov. 17.—The people of the empire are feasting and rejoicing over the coronation to an extent hitherto unknown in the history of Japan. The streets of Kioto last night were filled with parades dancing and singing.

Men and Grisha girls and children, wearing baroque costumes and carrying paper lanterns beat ancient drums and gongs. The scenes resembled those witnessed during the carnivals at New Orleans, Paris and Nice, except that they had an oriental setting.

## WANT OFFICE ABOLISHED

Washington, D. C., Nov. 17.—The federal reserve board had before it today a recommendation of its advisory council that the office of the currency, which has direct supervision over the operation of all national banks, be abolished.

## POST OFFICE ROBBED

Wooster, O., Nov. 17.—When Postmaster Austin Malcolm opened the post office at Burbank, this county, this morning he found the safe had been blown and \$400 in money and stamps stolen during the night.

## FREIGHT HANDLERS ON STRIKE

Cleveland, Nov. 17.—Two hundred freight handlers at the Big Four railroad freight house struck today. No formal demands were presented to the company, but a conference is being arranged for late today.

## BIDS NOT WITHIN THE ESTIMATE

Washington, Nov. 17.—None of the bids by private ship yards for construction of the two super-dreadnaughts authorized by the last congress submitted to the navy, fell within the limit of \$7,500,000 fixed as the maximum cost for hull and machinery of each ship.

Bids submitted by the New York, Philadelphia and Mare Island navy yards, however, all fell within the limit, most of them below \$7,000,000. Three private companies offered bids for one ship each.

## COMMISSION FOR RURAL CREDITS

Columbus, Nov. 17.—Governor Willis today appointed a commission to investigate the question of rural credits in Ohio and report to the legislature. It is headed by Myron T. Herrick of Cleveland, a recognized authority on that subject.

Other members are L. J. Tabor, Barnesville, president of the Ohio State Grange; O. N. Sams, Hillsboro, president of the Ohio Bankers' Association, and an attorney. Members of the rural credits commission will serve without pay. They will have time until the next legislature session, in January, 1917, to make investigations of existing conditions and prepare their recommendations for new legislation.

### "Somebody Forgot" Is To Be Stopped

Chicago, Nov. 17.—Presidents and vice presidents of practically every railway in the country met here today to enact new rules designed to prevent accidents in hauling high explosives and to stop rear end collisions and other disasters that have resulted when "somebody forgot."

### FATHER OF NAVAL PLATTSBURG PLAN

William Mather Lewis.

William Mather Lewis, secretary of the Illinois division of the Navy League, is the man who organized the idea of transferring Plattsbury activities from land to water. The plan has been approved by Secretary of the Navy Daniels. This new naval training camp will be established on the shores of Lake Michigan at the Great Lakes Naval Training Station, and will be in operation the year round. During the summer and vacation season business and professional men will be trained. In the spring and fall high school and college students will be taken and in the winter when lake navigation is closed the lake seamen will receive their training.

## STEAM ROLLER UPSETS, GOES THROUGH A HOUSE AND SMASHES A BED

A large steam roller that was being taken to the Ringwald and Sons paving job on Mann's Run pike turned over early Wednesday in the alley in the rear of Coburn's pharmacy at New Boston. The man in charge jumped from the machine when it first tilted.

The heavy machine was on the south side of the alley, and when it fell over, the top of the boiler crashed in the side of the John W. Dillard house, facing Center street. An iron bedstead was badly bent by the part of the machine that went through the weatherboarding.

Damage to the house and furniture will amount to about \$25. Roy De Witt and family live in the cottage, but were fortunately not at home at the time. A force of men were put to work raising the heavy machine.

### Carpet Is Going Down

## EMBARKS IN BUSINESS

Harry Strong, the well known business agent of the Defunct Building Trades Council, has embarked in business, opening a confectionery in the Lloyd building at 615 Second street. He will make a specialty of pop corn, cigarettes, expecting to supply local groceries and other stores.

## GETS OUT OF TROUBLE

Nicholas Giametti, fruit dealer of 919 Gallia street, came out of his recent unpleasantness at Columbus with flying colors.

Giametti had been arrested for alleged trying to defraud the St. Clair hospital in Columbus of \$25 he was said to owe for services rendered to his late wife while she was a patient at the institution. Giametti's case was dismissed without trial when it was shown that he and wife were estranged and had not been living together for several months, she remaining in Columbus after he had come in Portsmouth to engage in business.

## CIVIL SERVICE EXAMS HELD AT COURT HOUSE

M. L. Fawcett, of the efficiency division of the State Civil Service Commission of Ohio, arrived in Portsmouth Tuesday night to conduct several civil service examinations during the remainder of the week of applicants for positions in the state service.

The first examination is being held at the court house today, that of applicants for a position as stationery engineer in that branch of the State Industrial Commission's employ. But one applicant, Samuel Shumaker, engineer in the waterworks department of this city, is taking the examination.

On Thursday examinations of ap-

plicants for the positions of deputy inspectors of workshops and factories and high explosive inspectors will be held. Four applications have been received for these examinations.

Examination of applicants for positions as guards in the Ohio penitentiary and reformatories will be held on Friday. Over a dozen applicants will try for these positions.

The last examination, that of applicants for the position of captain of day and night guards at the Ohio penitentiary, will be held on Saturday. Several applicants will take this examination.

All examinations will be held at the court house.

A program will be arranged by the school board members and the Jr. O. U. A. M. The water trough, erected by

## Race For Treasurer Is Becoming Warm

For the past several weeks, the rumor has been persistent that Gilbert Dodds, present deputy county treasurer, would be a candidate for the nomination of county treasurer at the Republican primary election next year.

When asked concerning the rumor this morning Mr. Dodds stated that in all probability he would be a candidate, although he had not made a definite announcement of his candidacy.

Mr. Dodds has the support of many Republicans of power and influence in the party, and is making plans to enter upon a vigorous campaign for the nomination.

He is a young man of sterling reputation, and until called upon by M. J. Caldwell, the present treasurer, to serve as his deputy, had been a successful school teacher in various parts of the county for several years.

It is also learned today that a faction of the local Republican party which came into prominence during the recent municipal election is quietly grooming Russell Becker for the nomination of treasurer.

Other avowed candidates for the nomination are Thomas C. Patterson, former county auditor and Fred Shea, of Wheelersburg. An interesting primary contest is anticipated for the only office in the court house that isn't now being filled by an official enjoying his first term.

## Painters Fell

Ernest Pick and Ed Guthrie, employees of Ed Brehmer, a contracting painter, narrowly escaped serious injury in a fall, while at work on Dr. Arthur Moore's new home in Sunnyside, Wednesday morning.

The painters were perched on a scaffold when Pick thoughtlessly raised up and stepped one foot into a window, throwing all of the weight on Guthrie's end. Both were precipitated to the ground 18 ft. below but escaped with bruises and a severe shaking up.

## SOCIETY

The Sharps and Elms Club held the first of the full meetings Monday evening at the home of Miss Mary Little, the teacher, on Third street, where a program was given as follows:

Talk—Mozart—Members of the Club. Minuet composed by Mozart when five years old—Helen Uhl. Sight Reading Test Clara Queen Transposition at Sight—Helen Uhl.

The Don Juan Minuet—Mozart—Clara Queen. Study in Rapid Arpeggio Playing—Helen Uhl. Story—Miss Little.

The Woodland Elms—Ella Valance. Rondo in D—Helen Uhl.

Recitation—Seeing Things—Thelma Clabot. Duet—Romance—Mozart—Helen Uhl and Miss Little.

Miss Little has a large class in piano this season, most of them beginners. The program was followed by a guessing contest and marshmallow roast. The next meeting will be held in three weeks.

The Manly Methodist Ladies' Aid Society met yesterday afternoon at the home of Mrs. W. T. Gilliland, on Clay street, where an interesting program was given as follows:

Responsive Reading—"The Social Force of Christian Missions." Reading, "Not My Business"—Mrs. J. W. Jordan.

Reading, "Some Italian Boy"—Mrs. S. S. Gaffey.

Reading, "In the Mining Regions"—Mrs. H. D. Williams. A called meeting will be held Friday afternoon at the home of Mrs. Philip Pfarr, where all members are urged to be present as a box will be packed to be sent to Baxter, Tenn.

Miss Edith Gustin will entertain a few friends this evening at her home on Eighth street.

This evening after prayer meeting, at the Second Presbyterian church, a reception will be given to the fifty-two members recently taken into the church.

The Ladies' Aid Society of Manly church met Monday afternoon at the home of Mrs. W. T. Gilliland, as a surprise to Mrs. J. E. Miller, who leaves the city soon. Mrs. Miller had been invited to spend the afternoon with Mrs. Gilliland, not knowing that the members of the Aid Society were to be there for her pleasure and was much surprised on seeing the rooms filled with her friends, thirty-five being present. As a farewell gift Mrs. Miller was presented with a beautiful pen. Mrs. Miller's husband has been employed on the new C. & O. N. bridge, and as he is through with his work they will locate elsewhere.

A very pleasant evening was spent last night at the beautiful home of Mr. and Mrs. Walter Adams, on Tenth street, when their sister, Miss Edith Roth, entertained with a social whist for the benefit of the Local Daughters of the Bible Class of the First Christian church. Beautiful piano and Victrola music was rendered, also several solos by Mr. Walter Adams, accompanied on the piano by Miss Margaret Goltz. After several guessing contests, in which Miss Goltz won first prize, a beautiful picture, and Mrs. Charles Millison second prize, a lovely vase, the guests were invited to the dining-room, where Mrs. Walter Adams, assisted by her sister, Mrs. Anna Pearson, and cousin, Mrs. Minnie Goltz, served oysters, sandwiches and coffee. The guests departed at a late hour, all having had a very good time.

Mrs. J. M. Graham was hostess at this afternoon's meeting of the Finch Club at her home on Washington street. The congenial Little Club is composed of eight members, enough for two tables. The game was followed by a delicious lunch.

The choir of the Second Presbyterian church will meet for practice Thursday (tomorrow) evening, in the church, where they will begin the practice of the Christmas cantata, "The Holy Child," by Horatio W. Parker, to be given the Sunday before Christmas.

Miss Minna Plummer has returned from a visit with friends in Cincinnati.

Mrs. Charles Wagner, who has been visiting her daughter, Mrs. Elias A. Stone, of Pittsburgh, Pa., during her recent illness and operation will arrive home Wednesday evening, accompanied by her daughter and two children, who will visit her parents until after Christmas, when she will be joined by her husband, Mr. E. A. Stone, who will visit at the Wagner home during the holidays.

Miss Hattie Gustin is taking care of Miss Anna Goodman, who is ill at the home of her brother, Mr. George A. Goodman, on Second street.

### SHORTAGE IN CARS

"The shortage of freight cars is the worst in all my experience of railroading," said a prominent local B. & O. S. W. official Wednesday, adding laughingly "This big revival of business is no doubt coming too sudden for the Republican party."

## BONDS SOLD

Stacy and Brann bond brokers of Cincinnati were the highest bidders on the \$4,000 sewer improvement bonds sold at the town hall New Boston Wednesday noon. Their bid was \$50.40 premium.

The Portsmouth Banking company was the only other bidder, their bid being par and accrued interest. The money is for the construction of sewers in Idlewild addition.

## TERMINALS

William McElhenny, 55, N. & W. hoisting engineer of this city, was injured at Port Gay, W. Va., Tuesday afternoon. McElhenny was on work extra 1020 and was in the engine when the train made a sudden stop. The stop caused McElhenny to fall, his left arm being badly bruised and small cut being inflicted over his left eye. Engineer B. Boyd was in charge of the train.

Two empty cars of N. & W. extra freight 1069-1044 were derailed at Dingess, W. Va., Tuesday noon. The accident was caused by a coupling pulling out. The cars left their trucks and stood on ends. The Williamson wreck crew in charge of Assistant Trainmaster J. P. McMullan, cleared the track. Conductor B. Thompson and Engineers C. L. Stiff and J. Sonders were in charge of the train.

Mrs. J. W. Haggerty, wife of an N. & W. brakeman, left Tuesday for Chillicothe where she will spend several days with relatives and friends.

Mike Laronzo, 46, foreigner, employed as an N. & W. section laborer, was injured at Peebles, Ohio, Tuesday. A drift pin broke, a piece of the steel flying and cutting Laronzo's lip. The company physician at Peebles attended him.

Sunday noon Pennsylvania Lines, Cincinnati Division main line time table No. 9 will go into effect. All railroad men should procure one of the new time tables.

The N. & W. Terminal Safety Committee has been delayed in holding a meeting this month on account of the busy times in the local yards. Monday was the time set for the monthly meeting. The meeting will be held as soon as the members can find time to hold a meeting.

The Street Railway and Light company started the work of distributing poles along Walnut street Wednesday. It will take several weeks to put up poles and trolley wire for the new east bound track.

## Paris Gent Killed In West Virginia

Mrs. Grace Hubbard, of 319 Third street, received a letter Wednesday telling of the death of Paris Gent, who was shot during a card game at North Fork, W. Va., several days ago. The victim of the shooting was 25 years of age and a friend of Mrs. Hubbard, who formerly lived in West Virginia. Mrs. Hubbard was asked to have an announcement of the death published, as Hargess Gent, a brother of the victim, was formerly employed in this city at one of the brick plants. Mrs. Hubbard has not heard of Hargess Gent for two years. It is hoped that he will see the above announcement of his brother's death.

### Game Is Cancelled

The football game scheduled to be played Saturday at Millbrook between the Ashland high school team and P. H. S. second team has been cancelled by the Ashland team. There will not be a game at Millbrook Saturday.

# Miss Dolly Wise

Dear Miss Wise.—While on the train enroute from Columbus last week I chanced to meet a young man who sat back of me the entire distance. He was going on to somewhere in West Virginia, so when I got off he gave me his name and address and asked me to write to him. I also gave him my name and address. Should I write first or wait until I get a letter from him? He seemed to be about 35 or 40 years of age. I am only 18. Did I make a mistake by becoming acquainted with him?

**MISS INFORMATION.**  
No girl should permit herself to "become acquainted" with strange young men in trains or cars. It is very indiscreet, to say the least. Men are inclined to make light of experiences of this kind, and if a girl wants a man's respect, she must hold herself above making casual acquaintances. The fact remains that a man we call a "gentleman" for lack of a better word, would not attempt to force himself upon a girl or woman traveling alone. Men whom this word does not fit, are not desirable friends at any time. Don't write to this man, and if he writes you, ignore his letter or card. The chances are he has been married for years, and judging from the way he acted with you, he probably has a girl at every cross-road.

Dear Miss Wise.—As we are going to give a blow out the 20th of this month I am asking you to give me a recipe for Tom and Jerry.

I don't know anything about Tom and Jerry.

Dear Miss Wise.—Is it possible to wash a white chinchilla coat successfully at home? If so, how,

she is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, O. Office Phone 38.

**BESSIE.**  
Some people wash chinchilla coats and are very successful, but I would rather not recommend it, as the coat is likely to shrink. Try cleaning it with gasoline. You will be successful, I am sure, if you use plenty of the gasoline and hang in the air to dry without wringing. Be careful when using the fluid, as it is highly inflammable. A little white soap may be used on badly soiled places.

Dear Miss Wise.—What is the proper time for a widower to wait after the death of his wife before he gives attention to other ladies? A WIDOWER.  
A year is considered a sufficient lapse of time.

Dear Dolly.—Will you please tell me who that fellow is that drives the wagon for Stanton & Mahon?  
J. K. Russell Haley.

Dear Miss Wise.—If a married man who is driving a five-passenger automobile passes a young married woman and invites her to ride as far as he is going, should she sit in the front seat with him or ride in the back seat? There are no other passengers. These two are neighbors and have known each other for quite a few years. (It is a chance meeting.) WANTED-TO-KNOW.

She should sit in the front seat.

Dear Dolly.—Will you kindly give a recipe to take mildew out of a plain white muddy blouse.

A GENERAL READER.  
Soak the spot in a weak solution of chloride of lime or oxalic acid.

Dear Miss Wise.—I would like a recipe for Welsh rabbit or rabbit whatever it is called.

MRS. L. D. Davis and Pauline Hutchinson, of

Following is the recipe given out by the United States department of agriculture for making a Welsh rabbit: "One tablespoonful of butter, one teaspoonful of cornstarch, one-half cupful of milk, one half pound of cheese, cut into small pieces; one half teaspoonful each of salt and mustard and a speck of cayenne pepper. Cook the cornstarch and the butter, then add the milk gradually and cook for two minutes and after that add the cheese and stir until it is melted. Season and serve on crackers or bread, toasted on one side, the rabbit being poured over the untoasted side. The total cost of this rabbit is 13 cents."

Dear Miss Wise.—Will you kindly tell me how an indelible

**VAPORUB**  
VICK'S CROUP AND SALVE

pencil mark may be removed from a silver gray crepe shirtwaist?

**LIDDIE.**  
I should try a rubber eraser upon the chance that the penciling may not be indelible. I have known such to yield to the eraser which is sold by stationers to efface writing done with pen and ink. There are plenty of detergents that will remove stains of all sorts from white fabrics. They are not safe with colored stuffs, since they act as effectually upon the colored ground as upon the stain or penciling.

## SOCIETY

Mrs. L. P. Haldeman's elegant home on Gallia avenue was the scene of a pretty pink and white luncheon today at one o'clock for the pleasure of Mrs. Josephine Murfin, of Ann Arbor, Mich., who is visiting her sister, Mrs. James W. Bannan. Covers were laid at the beautifully appointed board for Mrs. Murfin, Mrs. James W. Bannan, Miss Charlotte Bannan, Mrs. Henry T. Bannan, Mrs. W. H. H. ## Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.  
Do this tonight, and by morning, most if not all, of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.  
You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.  
You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Mrs. A. E. Everard left today for Sagoraverton, Pa., to remain until after Thanksgiving.

To have a letter from a real, live poet is an honor, indeed. Such an honor will come to the audience attending the entertainments Thursday and Friday evenings at the First Presbyterian church. James Whitcomb Riley, himself, has been gracious enough to send a letter filled with his quaint expressions and good cheer. The letter will be read at that time.

The Ladies Aid Society of the Fourth Street Methodist church will hold a bake sale the Saturday before Thanksgiving at Marting's store.

A pretty wedding took place last evening at the home of Rev. S. Lindenmeyer, pastor of the German Evangelical church, where Mr. John A. Newman and Miss Emma A. Schmid were married at seven o'clock. The attendants were Miss Ida Stock and Mr. Albert Schmid, brother of the bride. The bride wore a becoming suit of blue velvet trimmed in fur, with hat, shoes and gloves to match. Her maid wore a pretty suit of purple with hat to match. The happy young couple left immediately after the ceremony for a week's trip to Columbus, Cleveland and the Lakes, after which they will return to Portsmouth and go to housekeeping on New Sixth street in a cozy home, which has been handsomely furnished in readiness for their occupancy. The attractive bride is the daughter of Mr. and Mrs. George Schmid, of Mann's Run, she having been employed for the past fifteen years in the lining room at the Selby shoe factory, where she is held in the highest esteem. The groom, a fine young man, is interested with his father in the feed business, J. F. Newman and Son, on Gallia street. May their lives be happy and prosperous is the wish of their many friends.

## Steady!

Whatever our toil—indoors or out—on big jobs or little: we need patience, tranquil nerves, strength of body and presence of mind.

We need keen appetites and good digestions. We need to keep mouth and throat moist and refreshed, the teeth clean and breath sweet. In other words, we need WRIGLEY'S!

For there's where this wholesome, flavor-lasting, impurity-proof refreshment is worth its weight in gold. Yet it costs but a mite.

## Vandals Turn On Water And Flood A School Building

Unknown parties forced an entrance to the Offinere street building Tuesday night and turned on the water in the boiler in the engine room. When it was filled water passed into the steam pipes then into the radiators in the building and as many of these were open the building was practically flooded from top to bottom. Four rooms, two on the first floor and two on the second were so badly water soaked that Supt. Frank Appel had to dismiss school in them. A rear window was forced by the intruders, a bench being found near it by Janitor Geo. Long this morning.

The damage is quite heavy, and Supt. Appel is making a rigid investigation of the affair.

## Refuses To Enjoin Woodmen Of World

Chicago, Nov. 17.—Argument on the petition of Isadore Brown, who is seeking to have the Woodmen of the World, a fraternity organization, restrained from changing its rates were made before Judge Windes in the circuit court today. George R. Miller, attorney for the organization, asserted that higher rates were necessary.

"The outstanding insurance," said he, "is \$970,000,000, while the surplus totals \$26,000,000 and although the order is in no immediate danger, the rates are too low to perpetuate the organization."

Judge Windes later handed down a decision refusing to enjoin the Woodmen of the World

An alleged assault on Tuesday had its sequel in common pleas court today, when Susan Bowers, of Madison township, through her attorneys, Blair and Kimble, filed suit for divorce and alimony from her husband, Frank Bowers, on the ground of alleged cruelty.

Her husband and his brother, Ora Bowers, of this city, are in the county jail, having been arrested today by Constable Lou Seiling on a

warrant charging them with assault, filed in Squire Bryan's court by Mrs. Bowers. They were arraigned, pleaded not guilty, and were committed to jail to await a hearing.

Mrs. Bowers claims that her husband frequently assaulted her, and that he and his brother on Tuesday threatened to kill her, by pointing a loaded shotgun at her. She says that her life was spared because she held her four-year-old daughter in her arms. She also alleges that her husband threatened to kill her if she instituted any action against him.

The county commissioners and the First National Bank are made defendants in the divorce action, the wife claiming that the commissioners owe her husband \$100, and that he has money on deposit in the First National Bank. She wants the court to restrain him from securing any of his money pending the hearing of the suit.

## Dress Caught Fire From Gas Stove, Mrs. Cooper Is Burned

The following from the Ashland, Ky., Independent is of interest here as Mrs. Harrison Cooper has relatives in the River City:

Mrs. Harrison Cooper, who lives in Pollard, was very painfully burned yesterday, when her dress caught fire while she was sitting in front of a gas stove crocheting.

When Mrs. Cooper, who was alone in the house, discovered that her dress was ablaze, she started to run for help. As she reached her front door Mrs. M. J. Lambert who lives near, was returning

home from calling on another neighbor. Mrs. Cooper ran to Mrs. Lambert, who, with rare presence of mind, threw her to the ground, wrapped a heavy cloak which she was wearing around Mrs. Cooper and also threw water from a rain barrel on her clothing.

Mrs. Hiram Lewis, another neighbor, hurried to Mrs. Cooper's assistance, and did what she could to make her comfortable until medical assistance could arrive. Mrs. Cooper was deeply burned from the hips to the knees.

We must not weep and mourn. Although our hearts are sad. When in the brighter Kingdom. Her spirit is so glad.

Dearest mother, thou has left us. And thy loss we deeply feel; But 'tis God who hath bereft us; He can all our sorrows heal.

**SUNSHINE VALLEY**  
Farmers of this neighborhood are done sowing wheat, and corn husking is now the order of the day.

Mrs. Mack Carter, who has been very sick the past week, is greatly improved.

William Woodrow was the name given to the ten-pound hog the stark left at the home of Mr. and Mrs. William Smith Tuesday morning. Will says the little fellow is already calling him "papa."

Miss Gertrude Sargent was the Sunday guest of Miss Dewey Henning.

Clare Stockham and Charley Peach, who are working at Harrison Furnace, visited home folks last Sunday.

Mr. and Mrs. Joe Henning were calling on Mr. and Mrs. Mack Carter, Sunday.

## DESIGN FOR BABY PILLOW.

### DIRECTIONS FOR TRANSFERRING

In taking off these patterns, lay a piece of impression paper upon the material, place the newspaper pattern over this, and with a hard, sharp pencil draw firmly over each line. If the material is sheer it may be laid over the pattern and drawn off with pencil, as the design will show through.

No patterns of these designs are available.

For this dainty design use fine linen. Work entirely in satin stitch. Through the ribbon eyelets run a soft three-inch ribbon, finishing with a bow across corner as indicated by mark. The back should be finished with lace buttons and loops so as to be easily laundered. Use mercerized cotton No. 35.

## National Game Is Good To Chief Bender

Quite a number of folks are spending their days feeling sorry for Chief Bender, but after perusing the financial record of this same Mr. Bender we feel that he's entitled to just about as much sympathy as is John Rockefeller.

Bender joined the Athletics in 1903. At that time his salary was only about \$2,000, but during the years that followed he was continually boosted. At the time he was let out by Connie Mack he was drawing something like \$7,500 per year. Bender was with the Athletics twelve years and during that time his average salary was around \$4,500.

By process of mathematics one arrives at the conclusion that Bender, over a twelve-year stretch, drew over \$54,000 in salary. In addition to that he shared in five world series splits. That netted him a total of \$11,754. During part of the 1915 season Bender was with the Baltimore Feds and got from them \$6,000 of his \$7,500 salary.

In other words, Bender has gathered unto himself since 1903 the sum total of \$71,754 for baseball, and probably \$8,000 more in "side issues," such as newspaper writing. That makes Bender's average income for thirteen years about \$6,000.

## Thorpe Vs. Mahan

There are many people who believe that Jim Thorpe stands as the greatest football player of all time.

There are any number of others who believe Mahan carries the greatest all-around value. Between these two there is practically no choice.

Thorpe, like Mahan, was big, fast and powerfully built. Like Mahan, he was a fine punter, a

great drop kicker and more than adept at shooting or receiving the forward pass.

It would be hard to say which man was best in a broken field. Thorpe had a half shift, a half-body swerve that made him an elusive target, and he had the most vicious straight-arm swipe ever known. All in all, if there is any edge to award, we believe it belongs to the Indian star.

## LAST GAME FOR O. W. U.

Delaware, Nov. 17.—Last evening the Ohio Wesleyan footballers started on their final week's gridiron duty in preparation for the Wooster game at Wooster Saturday. This contest will close the Delaware schedule and every effort will be put forth to place the final game in the win column, thus making a very creditable record for the season with six victories in the nine games played.

The Wooster game will end the gridiron careers of five of Wesleyan's best players. Slutz, Beckley, Pride, White and Grose all are seniors. Yet, with the loss of these men, prospects for an even stronger eleven next year are bright.

## EASTERN COLLEGES WON'T PLAY WITH ELEVEN ON WHICH THIS MAN PLAYED

George Brickley.

George Brickley has made some little trouble for the Trinity College eleven, with which he played until it was discovered that he was a professional. Trinity was booked to play with Columbia last week. Columbia cancelled the game because the Trinity players had played on the same team with a professional. Had Columbia met Trinity then all the Columbians participating in the game would have become professionals, because under the rules amateurs become professionals when they play with or against any other players who have ever played with or against a team on which there was a professional.

## TEAM IN GOOD SHAPE

Oxford, Nov. 17.—The Miami University football team came out of its game with Ohio University Saturday in remarkably fine shape, considering the roughness of the contest. A special train will be run to Cincinnati on Thanksgiving day and at least 1000 students and Oxford

people will see the game. Former Miami Coach Jimmy Donnelly, of Worcester, Mass., will be here on a visit this week and will no doubt be invited to assist Coach Roberts and Young in getting ready for the big "Turkey day" game.

## Yale Has New Plays

New Haven, Conn., Nov. 17.—Coach Tom Shelin and his corps of assistants began today further developing the Yale football team for the game with Harvard at Cambridge on Saturday. Special attention was to be given to improving

the attack and defensive work of the ends. The Blue's offensive against Princeton is considered to have been only elementary and it is understood that Shelin has some new plays, involving the forward pass, which are to be used against the Crimson.

## Is Looking For Southpaw

Manager Herzog, of the Reds, is on the lookout for a real southpaw. There are about seven other managers in the old National who are doing the same thing. Southpaw hunting in this league is a popular midwinter pastime for the managers.

## Trying To Get Ashland

Manager John Emmert, of the New Boston Tigers, expects to hear from the Ashland football team Thursday in regards to a game for Sunday. The two teams were to have played in Ashland last Sunday. The Tigers and Arrows will play on Millbrook gridiron, providing the Ashland game is not booked.

## BIG REVIVAL IN EAST END

Rev. E. G. Hamilton, of Grandview Avenue Christian church, is being greeted with large congregations at the evening revival services. The revival started Sunday evening and will continue as long as interest is shown in the meetings.

Each evening the service is preceded by a splendid song service by the choir under the able leadership of M. H. E. Kinsey. The services begin each evening at 7 o'clock.

## THE COLDS OF MANKIND CURED BY PINKET

Have you ever come through a typical pine forest when you had a cold? What a vigorous impulse it sent! How you opened wide your lungs to take in those invigorating and mysterious qualities. Yes, Dr. Bell's Pine-Tar-Honey possesses those stimulating qualities and overcomes hacking coughs. The inner lining of the throat is strengthened in its attack against cold germs. Every family needs a bottle constantly at hand.

## Toastmaster Is Selected

Arnold Schapiro has been selected as toastmaster for the Ohio State University Association banquet, which will be held at South hall Friday evening, November 26th. Several of the toasters will be called upon for toasts.

## Hillis Is Captain

Oberlin, Nov. 17.—Roger W. Hillis, varsity fullback, was elected captain of the 1916 Oberlin eleven at today's annual football banquet of the college. Hillis' work was one of the bright features in a dark season.

## SPORT SALAD

Wheeling high school team has won the scholastic football championship of West Virginia. Ooray.

Garry Herrmann is not going to retire from baseball. Not so one would observe by his re-election as the head of the Cincinnati team.

Over \$5000 was contributed to the Red Cross by spectators at Yale-Princeton game Saturday.

Jess Willard has refused an offer of \$17,500 to box Fred Fulton 10 rounds at Oshkosh.

Pacific Coast League will not permit any more exhibition games on Coast League parks.

Dartmouth's football player minus an arm may be an oddity, but football players minus heads are not.

Since the game ended as it did, we'll never know which is the worst—Penn or Michigan.

The allies have decided to call Tom Shelin over and make him Head Coach.

## Writers Favor Minnesota

Some of the cities around Chicago without waiting for the Illinois-Chicago and the Minnesota-Wisconsin games of next Saturday, have started to single out the Western conference championship and they find the task anything but simple. Ohio's tie with Illinois is holding the Zuppke eleven back, and there is an inclination to look upon Minnesota as having the inside track.

## To Leave March 10th

Chicago, Nov. 17.—The Cubs were all set for the 1916 season today. All they need now is some ball players. President Thomas and Manager Bresnahan, back from Tampa, Fla., announce the Cubs have contracted to do their training in the cigar town the next three years. March 10 will be getaway day.

## Will Assist Coach Stagg

Paul Des Jardien, one of the greatest all-around athletes in the country, will turn professional in several months. He has agreed to assist Alonzo Stagg, of Chicago University, in coaching baseball, football, basket ball and track teams.

## LOOK OUT FOR COLDS--CATARRH

Don't let this Winter bring to you the annoyance of Catarrh and suffering which every man and woman who is afflicted with this disease, has cause to dread.

First of all remember, if you will continue to suffer with Catarrh, it is your own fault. Catarrh is worse in Winter because the most common place precautions against germs and contaminations are neglected.

We go to study theatres and inhale over and over again vitiated and germ-laden air. We sit in over-heated rooms, neglect exercise, exclude fresh air because it's cold, and in a hundred ways do everything possible to assist in the ravages of a disease that is already making tremendous progress towards a complete sapping of vitality. It is small wonder that Winter brings additional annoyance to Catarrh sufferers. The nostrils, reasonably free in summer, are easily stopped up by the inflammation of the tender membrane, and the phlegm and secretions which cannot readily flow, aggravate the delicate lining of the throat and poison the system. Hacking and spitting becomes more frequent. In fact, Catarrh is not only a nuisance, danger and annoyance to the afflicted, but a continued menace to everybody. Any one who comes in contact with Catarrhal germs, expectorated or exhaled in stuffy rooms, poorly ventilated theatres or cars, may contract the disease. They'll think they have

## Sheriff Makes Arrests In Effort To Stop Camp Rows

Two arrests were made by Sheriff Smith late Tuesday afternoon in connection with the trouble at the C. & O. Northern railroad construction camp back of Sciotoville last Sunday. Mike Miller and George Gruber, foreigners, and laborers in the employ of Reinhardt and Dennis, contractors, were placed under arrest and lodged in the county jail to await an examination.

Both men were more or less wounded in the affray, Miller having been shot in the left shoulder and Gruber having sustained two severe knife wounds, one on each shoulder. Miller is alleged to have wielded the knife, while Gruber is alleged to have done the shooting.

Another victim, Joseph Scheumach, was unable to be moved from his bed, on account of his injuries. He was wounded severely in the left side by knife thrusts.

Sheriff Smith also collected some damaging evidence to support a bootlegging charge against a member of the camp who is still at large. He confiscated two gallons of whiskey, several quart and pint bottles, filled with whiskey, nine bottles of beer and a large sack full of corks.

Investigation of a slight disorder Monday evening revealed the fact that the principals had left the camp since the trouble.

While returning to this city Sheriff Smith took into custody at Sciotoville John Johnson, a Hungarian laborer, who was arrested Tuesday morning for drunkenness and disorderly conduct. He was taken before Squire Basham, who fined him \$5 and costs. In default of payment he was remanded to the county jail.

## Valuable Horse Lost By Rev. Lightner

Friends of Rev. George S. Lightner, pastor of the Cheshire M. E. church, of Cheshire, O., formerly of South Portsmouth, have received word of the loss of his fine driving mare, "Nannie Rand", which occurred recently. The mare was valued at \$500 by its owner, who has sustained a serious loss.

A movement has been started by his friends at Cheshire to purchase another horse for him, as his financial condition will not enable him to buy one. Several of

his local friends have interested themselves in his behalf, and a contribution will likely be forwarded to him from this city. The Times will be pleased to furnish any information to any prospective contributor.

## HAVE YOU A CHILD?

Many women long for children, but because of a weak physical condition are deprived of this greatest of all blessings. The woman whose system is weak is not only deprived of the joy of motherhood, but she is also liable to suffer from various ailments. Write and ask them about it.

"I took your Compound and have a fine, strong baby." — Mrs. JOHN MITCHELL, Massena, N. Y.

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine for expectant mothers." — Mrs. A. M. MYERS, Gordonville, Mo.

## RANGE EXPLODES, WOMAN IS BURNED

Mrs. James H. Delph, who, with her little son, Vernon, joined Mr. Delph at Nelsonville last Thursday, their new home, narrowly escaped very serious injury Monday morning.

Mrs. Delph was preparing breakfast when the large Equity gas range exploded, hurling her across the room with much force,

while the flames filled the kitchen. She was quite severely burned on both arms and hands, and suffered much from the shock of her terrifying experience. The range, a particularly large and fine one, with all safety appliances, has been in use for two years. It is supposed that in transportation

from here to Nelsonville some pipes were sprung or loosened, which caused the explosion. The Delphs are nicely situated in a fine new six room bungalow, and as they formerly resided for four years there, they are quite at home, although they miss many friends made during their residence in Portsmouth.

## Vienna Camp Makes Nominations; Banquet Will Follow Election

Vienna Camp, Sons of Veterans, held a splendid meeting Tuesday evening. The nomination of officers for the year 1916 was the big feature.

Those placed in nomination were:

Commander—Gilbert F. Dodds and David P. Scott.  
Senior Vice Commander—Chas. C. Bennett.  
Junior Vice Commander—Oscar Trimmer.

Camp Council—Henry Wedderbrook, Cary Riggs and W. H. Williams.

Nomination for election of officers was held open until next meeting and some others may get in the race. The staff will be appointed by the incoming commander.

It was decided to have a banquet to follow the election on first Tuesday in December. John R. Skelton and George S. Carroll will arrange for the "eat," and

Gilbert F. Dodds and Harry M. Sikes are the "booster" committee to provide a "full house" for that night.

The Camp by unanimous vote decided to assist the district aide, Harry M. Sikes, in his reorganization work in any manner possible and to accompany him on official visits in force. Plans were also made for a series of visits in this county.

The one week's campaign to draw into the Camp every eligible in the city will be made the second week in January. The "old boys" of the G. A. R. will be in the ranks with the boys in this campaign.

Some good stories by the inimitable Captain "Billy" Williams and a good talk by County Auditor S. D. Eckhart were enjoyable features of the meeting.

The drum corps gave stirring music before and after the meeting.

## OPENS NOSTRILS BREAKS A COLD STOPS CATARRH

A little NOSTRIOLA quickly stops hawking and spitting, clears the head and stops running of the nose and you'll never know what you are missing until you try it.

A small test tube is enough to try, and NOSTRIOLA is now being sold and recommended by all reliable druggists.

The instant NOSTRIOLA is applied the air passages are cleared, you distinctly feel your cold breaking up and leaving you, and in a few minutes your head feels fine.

The nostrils and air passages are the breeding places for health-destroying germs. Colds lead to Catarrh, and all need the NOSTRIOLA Treatment as a preventive.

Get a small tube of NOSTRIOLA of your druggist today and you'll wish you had tried this simple treatment sooner.

## Uses Taxi To Call On Husband Who Is Taken To Cincinnati Works

Police Chief B. E. Allen took Charles Henderson, a negro, to the Cincinnati workhouse Wednesday morning. Henderson was convicted a few days ago of "boot-legging." His own wife, "Black Agnes" Henderson, gave the Virginia

police the information that led to his undoing. She called at the prison late Tuesday afternoon to bid him good-bye, she and a woman friend making the round trip in a taxicab. She told officers she expected to return to Cincinnati.

## RE-ELECT DIRECTORS

The stockholders of the Baltimore and Ohio railroad in annual meeting today re-elected the board of directors as follows: Oscar G. Murray, chairman; Edward R. Bacon, Robert Garrett, Charles

W. Harkness, W. Averell Harriman, R. Brent Keyser, L. F. Loebe, John R. Marron, Charles A. Peabody, John G. Shedd, James G. Speyer and Felix M. Warburg. The meeting was held in Baltimore.

## SEED MERCHANT HAS FAILED

Martha W. Therkildson, a seed merchant, of Ironton, Ohio, yesterday filed a voluntary petition in bankruptcy in the United States District Court, scheduling liabilities at \$1,405 and assets at \$889.47. The failure of the petitioner appears to have been the result of a fire last May which destroyed her stock in trade. Her

largest unsecured creditors are Woods, Stubbs & Co., of Louisville \$217.72, and Jerome B. Rice Seed Company, of Cambridge, N. Y., \$796.76. Her assets include \$100 worth of household furniture, etc., and cash on deposit in the Second National Bank, of Ironton, amounting in the sum of \$600.—Cincinnati Enquirer.

## GROCEER FINDS CHICKENS HUDDLED UNDER FLOOR OF CHICKEN COOP

J. J. McCall, grocer, at 717 Campbell avenue, on looking at his chicken coop several mornings ago, found the door of the coop open and all the chickens missing.

A closer survey of the ground found the chickens huddled together under the coop. Someone had opened the door or the wind blew it open. Mr. McCall is thanking the cold weather for keeping his chickens so close to their place of roosting.

## MISSING, ONE MUSTACHE

Help! George S. Carroll has a mustache that was truly an adornment, and now looks somewhat like a concrete silhouette of Sam Gompers, John D. Rockefeller and the "face on the Pyramids." None of the fellows in George's set are "lacking" to the change in his appearance, and that's not all—he has distinctly "queered" himself with his women folks at home, while the fellows of Vienna Camp, Sons of Veterans, in which he has long been one of the main eggs, are thinking seriously of trying him by Drum-head Court Martial under the 167th article of war, which provides severe penalties for the wanton destruction of military appendages and equipment.

George Nolan, a strange negro, the way back to the Cropper place was arrested by Officer Callahan after some aged men had stepped in and reported having seen him commit the theft.

## Whiskey Missing; Negro Is Accused

George Nolan, a strange negro, the way back to the Cropper place was arrested by Officer Callahan after some aged men had stepped in and reported having seen him commit the theft.

Arriving there Nolan was confronted by several others who also accused him of the theft and he was cornered and held until Officer Smith could reach the scene.

Nolan was locked up at the city prison. According to the police Nolan was released from the jail on Monday, having served sentence there also for stealing whiskey.

Nolan pleaded guilty to stealing the whiskey but said he was drunk and did it unconsciously. The court held that a man could not have been drunk and sobered up as quick as he had, and fined him \$25 and costs and sentenced him to 30 days in the workhouse.

The evidence showed that Nolan had boasted to several persons that he was "the smoothest thief" but ever hit Portsmouth, and that he had tried to sell the case to the Twentieth Century saloon for \$8 and later was willing to accept \$5 for it.

## DISMISS SUIT WITHOUT RECORD

The case of Charles Barlow and others against William Tilton and others, a suit to dissolve the Building Trades Council, was dismissed without record in the Scioto county court of appeals Tuesday for the reason that the Building Trades Council has voluntarily dissolved since the filing of the suit. The defendants secured the verdict in the

lower court before Judge Tarbell, of Brown county, and the case was carried up to the court of appeals by Attorneys Blair and Kimble, for the plaintiffs.

## WILL HOLD A JOINT SOCIAL WITH MACGABEES

At a meeting of the Women's Benefit association of the Macgabees held Tuesday evening it was decided to hold a joint social with the Knights of the Macgabees on the evening of November 30.

Thousands of people go through TIMES WANT ADS every night. They read them with profit.

Tickets will soon be placed on sale. Word was received that the Macgabee District Rally which was to have been held in Chillicothe Thursday has been postponed until December 9. Several lodges of the district have a membership campaign on at present and all want their new members initiated before the trip is made to Chillicothe. Three applications were received at Tuesday night's meeting. All policies that have not been changed to read Women's Benefit association should be sent to Record Keeper Mrs. Harold Martin for correction.

To Nominate Officers

The Rebekahs at a meeting to be held Tuesday, November 23 will nominate officers for the new year.

Referee—Gims.

Open Bids Thursday

Referee—Kinsey.

The Foundation company, of New York, which at the present time is building a government dam at Warwood, W. Va., is the first concern to submit a bid on the local flood wall extension job. Bids will be opened at the city building Thursday noon.

A pan of grease in the oven of the gas stove in the kitchen of the Al Bradshaw cafe, 1204 Eleventh street, caught fire about 3 o'clock Tuesday afternoon when a mate was applied to the oven burner. The flames quickly communicated to the wall paper.

Several buckets of water quenched the flames before the kitchen was badly damaged. One man attempted to turn in an alarm from box 65 but did not know how to operate the box. Chief McDonald later examined the box and found it in perfect working order.

## Thousands have this disease—and don't know it

You may be afflicted with that dread disease of the teeth, pyorrhea, and not be aware of it. It is the most general disease in the world! The germ which causes it inhabits every human mouth—your mouth, and is constantly trying to start its work of destruction there.

Don't wait until the advanced stages of the disease appear in the form of bleeding gums, tenderness in chewing and loose teeth. You can begin now to ward off these terrible results. Accept the advice dentists everywhere are giving, and take special precautions by using a local treatment in your daily toilet.

To meet this need for local treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public

in the convenient form of Senreco Tooth Paste. Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25¢ two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4¢ in stamps or coin for sample tube and folder. Address The Senreco Remedies Co., 504 Union Central Bldg., Cincinnati, Ohio.

# GET READY FOR THE PEERLESS BABY OF 1916

Get your gifts ready for the first 1916 baby in Portsmouth.

The success of last year's plan, conducted by the Portsmouth Daily Times, is too

well known to need special comment, and this year's event promises to far eclipse the one of last year, which was started late in December. Notwithstanding the

late start the people of Portsmouth, particularly the merchants, lent their aid to the contest, and helped make it one of the most pleasing departures from the usual New

Year's Day routine ever given in this city. When January 1, 1916, rolls around, the first baby reported born by a physician who attends the birth will be

recorded as Portsmouth's New Year baby, and it will receive the host of presents that will be contributed by local people. Last year, a big motor

truck was required to haul the gifts to the home of William Peerless, Portsmouth's first 1915 baby, and from the way the inquiries about the contest are pouring

in, two or three trucks will be needed this year. Donors are requested to get in early with their contributions so that they can be properly listed.

Further announcements concerning the contest can be expected in the Times from time to time until New Year's Day.

## Donations Wanted For The Wesley Hall Free Dinner

As the annual Thanksgiving day comes, nearer the interest in the big free dinner to be given by Wesley Hall to the poor children of the city increases. Last year we fed 315—this year we plan for 500. We earnestly solicit the cooperation of all who will aid us. We want all churches, Sabbath school classes, and other societies, also the secret orders and brotherhoods of the city to feel free to take a hand in this big dinner. Help us to make a half thousand poor, hungry children happy at one time. Many of them get but one good full meal in the year, that is the one given by Wesley Hall annually at Thanksgiving time. We want to ask the groceryman to contribute groceries, the bakers to give bread, pies, cakes and etc., the butchers to contribute beef roasts, the

fruit houses to give potatoes, apples, cranberries, celery and etc. All may help a little. We want many of our friends to give home baked pies, baked beans and any other articles of food. We will need cash, so hundreds of people who can't give things named above can give money. We will need it. So bring or send it to us. Call 409 B and we will send out

wagon for any contribution which you may have to give. Already the gifts are coming in, both cash and goods. If you know of poor children who you want to see at this big feast you get our free dinner tickets and see that they are supplied. For further particulars watch the local papers. J. E. DIBERT.

## Rickey Wins In Election Contest

J. L. Rickey was adjudged the duly elected justice of the peace of Clay township at the recent election in Clay township, after a hearing of the election contest suit brought by his opponent, Marion Pool in Probate Judge Beatty's court Wednesday morning.

After the votes were counted election night, Mr. Rickey was awarded the election by the election officials by a majority of 27 votes, the count later being verified by the deputy supervisors of elections.

Last Friday, Mr. Pool entered a contest in Judge Beatty's court on the ground that the election board had erred in having the ballots printed so as to give the voters the impression that two candidates were to be elected, instead of one. He further maintained that he had received the majority of the votes cast for one candidate.

The hearing in probate court

this morning demonstrated that the board of elections had erred, as alleged, and all ballots upon which more than one candidate was voted for were ordered thrown out.

A recount of the remaining ballots resulted in the following vote: Rickey 195, Pool 187; Rickey's majority, 8. More than 500 ballots were thrown out.

Whereupon the jury composed of J. B. Mackay of Wheelersburg, and F. L. Matting and John Jones of this city, decided that Mr. Rickey was elected.

Mr. Pool, the defeated candidate, stated that he was satisfied with the result of his suit. He was represented by William R. Sprague. Rickey was not represented by counsel.

## Garthee Again Loses Fight For License; Will Appeal To State

The county liquor licensing board, after a hearing which lasted all morning, announced that it had sustained its former decision to withhold a renewal of a saloon license for 1915-1916 to Bird Garthee, north Chillicothe street saloonist.

Garthee, through his attorney, C. M. Searl, announced that an appeal would be taken to the state licensing board at Columbus, whose decision is final.

The principal witness against Garthee was Mrs. Rose Leopold, who lives in the vicinity of the saloon, and who testified concerning the disorder in the rear of the saloon on primary election

day last August, when she said two half barrels of beer were consumed by Garthee's friends with his knowledge. Several of Garthee's friends, who were present that day, were also called by the board to testify.

Former Prosecuting Attorney Horace L. Small and Prosecuting Attorney Joseph T. Micklethwait were called as witnesses by Mr. Searl to testify relative to the dismissal of an action against Garthee in common pleas court.

Unless the state board reverses the decision of the local board, Garthee will have to close his place next Monday morning, the beginning of the new license year.

## MOOSE PLAN TO TAKE LEASE ON QUARTERS

Enthusiasm ran high at the meeting of the Loyal Order of Moose last night. All arrangements were made for the big pig roast next Tuesday night. Supreme Sergeant at Arms W. A. Barron was present and made a splendid talk on matters of vital interest to members of the order.

The annual New Year ball will be given under the auspices of the Moose at Distel's Hall (Kearney's) Seventh and Chillicothe on

Dec. 31, 1915. This is expected to be one of the big events of the season.

Tentative plans were made to lease the present quarters for a period of five years. A new floor will be put in and dances will be given during the winter.

A large turnout is expected on next Tuesday night. The newspaper men of the city will be extended an invitation to be present and enjoy the hospitality of the Moose.

## CHILDREN CRYING WITH HUNGER MOTHER LYING DRUNK IN SHED

When W. L. Henderson reached his home in the J. L. Nash property on Second street, Tuesday evening, after a hard day's work, he found his three little boys crying from hunger and his wife Rosa Henderson gone. He himself prepared supper and then asked the police to search for the missing woman. Some time later a family named Smith on Scioto street discovered Mrs. Henderson in a drunken stupor and lying outstretched in their coal shed. She had discarded part of her clothing in the yard.

Police were called and she was locked up for the balance of the night. When arraigned in police court Wednesday she claimed to have purchased a half pint of gin at a Market street saloon and did not appear to have the slightest recollection of how she had absented herself from home and family. She was fined \$5 and an uncle later paid her way out. The police expect to prosecute a man who is said to have been regularly furnishing the woman with liquor, they discredited her story of having made Tuesday's purchase herself.

## Boy Is Missing

Paul Deming, aged 13, and boy disappeared Monday, and no trace of him has been found. His mother, Mrs. Martha Deming, lives in the North End, was when last seen Deming wore a gray suit and a gray cap.

## TO OBSERVE "VETERAN'S" NIGHT

(By H. M. S.)

Friday evening, November 19, is "Veteran's Night," a date set apart by the commandery-in-chief of the Sons of Veterans, to do honor to the Union soldiers, sailors and marines of the Civil War.

It will be well observed by Vienna Camp, Sons of Veterans, and their ladies' auxiliary in compliance with the following special order issued from division headquarters:

## Sennett Released

Tom Sennett, whom A. T. Davis charged with the theft of some carpenter tools, was released from police custody Tuesday evening.

The investigation of the case developed that if Sennett did any stealing whatever it was from Charles Cleveland, and not from Davis. Cleveland claiming the saw that Sennett sold to Davis was his property. Sennett paid back to Davis the money he had given him for the saw. While Cleveland has not been back at headquarters since to file an affidavit against Sennett, as he was expected to do.

## COMPLAINTS

Officer Joe Stokley was called to No. 523 Third street Tuesday afternoon to disperse a gang of boys who were recklessly throwing brick-bats at each other.

A trifle later a little girl at Sixteenth and Kinney streets called up police headquarters and asked that an officer be sent to that neighborhood to arrest a boy who had thrown a rock and broken a window at her home.

## Fuller Smashed Sign

Fuller Stevens, who, while intoxicated, broke a sign in front of A. Harth's liquor store at Third and Chillicothe streets, Tuesday night, was fined \$10 and costs in police court Wednesday and ordered to pay the damage which was fixed at \$4.

## STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels. Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain. Take one or two at bedtime for quick relief, or you can eat what you like. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

## MINE EXPLOSION KILLS 31 MEN

### Search For 25 Buried 1500 Feet

Seattle, Wash., Nov. 17.—Rescue parties which labored in 90 minute shifts all night, are still at work today endeavoring to recover the bodies of 25 men buried under tons of debris in the third level of the Northwestern Improvement Company's coal mine at Ravensdale, 35 miles southeast of here. An explosion in the mine yesterday killed 31 men and injured three others.

The bodies of six, including Foreman P. J. Kane, was recovered last night, and the rescuers have hopes of reaching two more within a few hours but the others are so far back in the wreckage choked level, 1500 feet underground that it is feared it will take many hours to reach them.

Reports circulated last night that five in the mine was delaying the rescuers later were declared to be untrue.

The cause of the explosion still is undetermined although it is believed that coal dust was ignited by a "windy shot." The force of the explosion tore down timbers and supports all through the mine and the rescuers were compelled to build new supports as they cleared away the wreckage.

Expert rescue teams from the United States Bureau of Mines Station in Seattle and from coal camps on both slopes of the Cascade mountains, were rushed to Ravensdale to assist in the rescue work.

After entering the third level, where Foreman Kane's body was found, the oxygen helmet men announced that there was no doubt that all still in the mine were dead and the workers devoted themselves to clearing away the debris so they could reach the bodies.

Approximately \$124,000, it is said, will be paid from the state industrial insurance fund to the families of the miners who lost their lives in the district yesterday. The law gives \$4,000 for each man, provided he is married, and a lesser amount for single men. Only seven of the 31 who lost their lives were single.

### Russians Afraid Of Greek Friendliness

Petrograd, Nov. 16.—(Via London Nov. 17)—Analyzing the conduct of King Constantine of Greece, the Novoye Vremya arrives at the conclusion that his "friendly neutrality" is nothing more than open preparation for a future attack on the allied forces landed at Saloniki.

The war correspondent of the Novoye Vremya warns the Russian people against jubilation over recent successes on the eastern front and says they still are confronted by a strong enemy whose superb technical equipment is far from being crushed.

The enemy assigns a machine gun to every ten men," the correspondent says, "and his artillery abundantly supplied with ammunition."

### STATE AUDITOR MUST PAY THE SALARIES OF PROVISIONAL EMPLOYEES

Columbus, O., Nov. 17.—State Auditor Donahue was ordered to pay the salaries of new provisionally appointed state employees by the Franklin county court of appeals, in a decision handed down today.

The pay of about 300 employees, largely in the department of the Juvenile Commission, is affected by the court's action. The auditor had declined to issue warrants for their salaries, pending the supreme court's decision on the constitutionality of the new civil service law. He held they had been appointed under that law and that if it should be held unconstitutional, the state would be liable to pay the salaries of employees who were dismissed, and whose places the provisional employees filled.

Incidentally, the court of appeals sustained the validity of the new civil service law. Judges Fernald, Kunkle and Allread concurred in the decision.

The court also affirmed the right of a state official to appear in his own defense in any case, despite the law which makes the attorney general the legal defender of all state officials.

### FATHER OF NAVAL PLATTSBURG PLAN

William Mather Lewis.

William Mather Lewis, secretary of the Illinois division of the Navy League, is the man who organized the idea of transferring Plattsburg activities from land to water. The plan has been approved by Secretary of the Navy Daniels. This new naval training camp will be established on the shores of Lake Michigan at the Great Lakes Naval Training Station, and will be in operation the year round. During the summer and vacation season business and professional men will be trained. In the spring and fall high school and college students will be taken and in the winter when lake navigation is closed the lake seamen will receive their training.

### KITCHENER TO GALLIPOLI PENINSULA

Athens, Nov. 16.—(Via London, Nov. 17)—The newspapers here state that Earl Kitchener, British war secretary, has left Mudros for the Gallipoli Peninsula.

### JAPAN IS HAPPY

Kyoto, Nov. 17.—The people of the empire are feasting and rejoicing over the coronation to an extent hitherto unknown in the history of Japan. The streets of Kyoto last night were filled with paraders' dancing and singing. Men and Geisha girls and children, wearing lurid, gaudy costumes and carrying paper lanterns beat ancient drums and gongs. The scenes resembled those witnessed during the carnivals at New Orleans, Paris and Nice, except that they had an oriental setting.

### TO REVISE FEDERAL NEUTRALITY LAWS

Washington, D. C., Nov. 17.—Congress will be asked at its coming session to revise federal neutrality laws. This is one of the steps decided upon by the administration to enable the department of justice to deal more effectively with offenses against the United States growing out of the war. Prosecution of such offenses under existing laws virtually has been found impossible.

Attorney General Gregory, who discussed the subject at yesterday's cabinet meeting, announced that he would recommend to congress an amendment to the Sherman Antitrust law to make certain its application to conspiracies such as are believed to have caused recent strikes in munition plants, attempts to blow up ships and other activities designed to interfere with interstate and foreign commerce.

### 2,500 CARRANZA CAVALRY ROUTS SMALL VILLA FORCE

Douglas, Ariz., Nov. 17.—What is said to have been the first fight in the new general offensive against General Francisco Villa occurred yesterday at Villa Verde, 25 miles south of Naco, Sonora, Mexico, according to advices received here today.

Colonel Lazaro Cardenas, commanding the Carranza advance guard of about 2500 cavalry is reported to have dispersed the inferior Villa force at that point.

### Peace May Be Discussed At The Vatican

Rome, Nov. 16.—Cardinal Von Hartmann, archbishop of Cologne, will arrive here soon to remain for the consistory in December. It was officially stated at the Vatican today, this announcement, following the statement that Cardinal Mercier, primate of Belgium, also would attend the consistory, is considered significant as, because of the war, foreign cardinals are tacitly exempted from attendance at the consistory.

Cardinal Von Hartmann enjoys the confidence not only of the Pope, but of Emperor William. Cardinals Gasquet and Billot are on their way here to represent Great Britain and France while the arrival of Cardinal Begin, archbishop of Quebec, is anticipated. The fact that ecclesiastics representing several of the warring nations will be at the Vatican at the same time, has given rise to the belief that steps toward peace may be discussed.

### Claim German Sub Sunk The Ancona

Paris, Nov. 17.—Investigation by the Italian government has disclosed that the submarine which torpedoed the steamer Firenze was a German, says the Rome correspondent of the Journal. Passengers and crew of the steamer, all of whom were saved, are said to agree that the sailors aboard the submarine wore German uniforms, and also that the German colors were hoisted first, although the Austrian flag was substituted later.

If the Firenze, an Italian steamer, was sunk by a German submarine it might be regarded by Italy as an act of war. There has as yet been no declaration of hostilities between Italy and Germany.

### P. O. CLERKS AND CARRIERS STRIKE

Fairmont, W. Va., Nov. 17.—Twenty-five clerks and carriers in the post-office here, practically the entire force, struck this morning as a protest, it was said, against the discharge of W. H. Brand, assistant postmaster, and three other employees. About twenty employees were still left in the office, but as they were largely carriers of the rural free delivery service, the handling of the mails for Fairmont was seriously hampered.

### GREEK KING AND KITCHENER WILL HOLD CONFERENCE

London, Nov. 17.—The Greek government appears to be adopting a less uncompromising attitude, says the Athens correspondent of Reuters Telegram Company. It is believed to be seeking a satisfactory solution of the question as to its attitude toward allied troops which might take refuge in the Greek territory, although it hesitates to make a declaration in the form demanded by the entente powers.

The correspondent says King Constantine has expressed a desire to see Earl Kitchener, the British secretary of war, who is now in the near east, and discuss the situation with him from a military standpoint.

The diplomatic corps has gone from Monastir to Florina, just across the border in Northern Greece.

### RUMANIA MAY JOIN GERMANY IN DECEMBER

Bucharest, Nov. 12.—(Via London Nov. 17, Delayed in Transmission)—Former Premier Carp is credited by the newspaper Adeverul with the statement that Rumania will take up arms on the side of Germany in December. The prediction is made by M. Carp that as soon as established communications make it possible, Germany will make new offers to Rumania in the form of an ultimatum requiring a reply within forty-eight hours.

### N. J. LEADERS AND WILSON CONFER

Washington, Nov. 17.—To smooth out difficulties in the way of party success in New Jersey will be the subject of a conference at the White House today between President Wilson and Democratic leaders of that state, including among others, Governor Fielder.

Governor Fielder has already announced that he would not be a candidate for the United States senate.

Other participants in the conference included State Chairman Grosvenor and Thomas H. Bireh, United States minister to Portugal, who is in this country on vacation.

### CLAIM AUSTRIAN SUB GAVE AMPLE TIME FOR PASSENGERS ON ANCONA TO MAKE THEIR ESCAPE

Washington, D. C., Nov. 17.—Detailed information concerning the sinking of the Italian liner Ancona was awaited today by administration officials from the American government through Ambassador Penfield at Vienna.

The Ambassador has instructions to obtain data supplementary to the Austrian admiralty statement concerning the attack which has been submitted to Secretary Lansing by the Austrian embassy here. The statement said that an Austrian submarine sank the Ancona and claimed that ample time had been given for the escape of the passengers and crew.

Ambassador Penfield's report probably will not be received for a week, owing to difficulties of cable communication between the United States and Austria.

### BABUNA STILL HELD BY SERBS

London, Nov. 17.—A dispatch from Reuters correspondent at Athens, says that according to information received there from Saloniki the Serbians are still holding Babuna Pass. The time at which the message from Saloniki to Athens was filed, however, is not given.

Desperate battles continue between the Serbians and Bulgarians in the Tetovo district," the dispatch says.

"Enforcements are continually arriving on both sides, which shows the capital importance attached to this point by both staffs. The Bulgarians are still carrying on the movement intended to turn the Serbian positions at Babuna Pass and reach Perlepe. If the movement succeeds, the Serbians will be forced to abandon Babuna, but the operation is considered hazardous for the Bulgarians, in consequence of the lack of practicable roads.

"Allied troops are leaving Saloniki daily for the Serbian front.

"In the Corina river region the French victoriously repelled all Bulgarian attacks and the Bulgarians lost heavily."

## National Game Is Good To Chief Bender

Quite a number of folks are spending their days feeling sorry for Chief Bender, but after perusing the financial record of this man Mr. Bender we feel that he is entitled to just about as much sympathy as is John Rockefeller. Bender joined the Athletics in 1903. At that time his salary was only about \$2,000, but during the years that followed he was consistently boosted. At the time he was let out by Connie Mack he was drawing something like \$7,500 per year. Bender was with the Athletics twelve years and during that time his average salary was around \$4,500.

By process of mathematics one arrives at the conclusion that Bender, over a twelve-year stretch, drew down \$54,000 in salary. In addition to that he shared in five world series splits. That netted him a total of \$11,754. During part of the 1915 season Bender was with the Baltimore Feds and got from them \$6,000 of his \$7,500 salary. In other words, Bender has gathered unto himself since 1905 the sum total of \$71,754 for baseball, and probably \$8,000 more in "side issues," such as newspaper writing. That makes Bender's average income for thirteen years about \$6,000.

## Thorpe Vs. Mahan

There are many people who believe that Jim Thorpe stands as the greatest football player of all time.

There are many others who believe Mahan carries the greatest all around value. Between these two there is practically no choice.

Thorpe, like Mahan, was big, fast and powerfully built. Like Mahan, he was a fine punter, a

great drop kicker and more than adept at shooting or receiving the forward pass.

It would be hard to say which man was best in a broken field. Thorpe had a half shift, a half-body swerve that made him an elusive target, and he had the most vicious straight-arm swipe ever known. All in all, if there is any edge to award, we believe it belongs to the Indian star.

## LAST GAME FOR D. W. U.

Delaware, Nov. 17.—Last evening the Ohio Wesleyan football team started on their final week's gridiron duty in preparation for the Wooster game at Wooster, Saturday. This contest will close the Delaware schedule and every effort will be put forth to place the final game in the win column, thus making a very creditable record for the season with six victories in the nine games played.

The Wooster game will end the gridiron careers of five of Wesleyan's best players. Stutz, Deckley, Pride, White and Grose all are seniors. Yet, with the loss of these men, prospects for an even stronger eleven next year are bright.

## EASTERN COLLEGES WON'T PLAY WITH ELEVEN ON WHICH THIS MAN PLAYED

George Brickley.

George Brickley has made some little trouble for the Trinity College, Haven, with which he played until it was discovered that he was a professional. Trinity was booked to play with Columbia last week. Columbia cancelled the game because the Trinity players had played on the same team with a professional. Had Columbia met Trinity then all the Eastern colleges participating in the game would have become professionals, because under the rules amateurs become professionals when they play with or against any other players who have ever played with or against a team on which there was a professional.

## TEAM IN GOOD SHAPE

Oxford, Nov. 17.—The Miami University football team came out of its game with Ohio University Saturday in remarkably fine shape, considering the roughness of the contest. A special train will be run to Cincinnati on Thanksgiving day and at least 1000 students and Oxford people will see the game.

Former Miami Coach Jimmy Donnelly, of Worcester, Mass., will be here on a visit this week and will no doubt be invited to assist Coaches Roberts and Young in getting ready for the big "Turkey day" game.

## Yale Has New Plays

New Haven, Conn., Nov. 17.—Coach Tom Shevlin and his corps of assistants began today further developing the Yale football team for the game with Harvard at Cambridge on Saturday. Special attention was to be given to improving

the attack and defensive work of the ends. The Blue's offensive against Princeton is considered to have been only elementary and it is understood that Shevlin has some new plays, involving the forward pass, which are to be used against the Crimson.

## Is Looking For Southpaw

Manager Herzog, of the Reds, is on the lookout for a real southpaw. There are about seven other managers in the old National who are doing the same thing. Southpaw hunting in this league is a popular midwinter pastime for the managers.

## Trying To Get Ashland

Manager John Emmert, of the New Boston Tigers, expects to hear from the Ashland football team Thursday in regards to a game for Sunday. The two teams were to have played in Ashland last Sunday. The Tigers and Arrows will play on Millbrook gridiron, providing the Ashland game is not booked.

## BIG REVIVAL IN EAST END

Rev. E. G. Hamilton, of Grandview Avenue Christian church, is being greeted with large congregations at the evening revival services. The revival started Sunday evening and will continue as long as interest is shown in the meetings.

Each evening the service is preceded by a splendid song service by the choir under the able leadership of M. H. F. Kinsey. The services begin each evening at 7 o'clock.

## THE COLDS OF MANKIND CURED BY PINES!

Have you ever gone through a typical pine forest when you had a cold? What a vigorous impulse it sent! How you opened wide your lungs to take in those invigorating and mysterious qualities. Yes, Dr. Bell's Pine-Tar-Honey possesses those stimulating qualities and overcomes hacking coughs. The inner lining of the throat is strengthened in its attack against cold germs. Every family needs a bottle constantly at hand. 25c.

## Toastmaster Is Selected

Aronhold Schapiro has been selected as toastmaster for the Ohio State University Association luncheon, which will be held at Sed's hall Friday evening, November 20th. Several of the members will be called upon for toasts.

## Willis Is Captain

Oberlin, Nov. 17.—Roger W. Willis, varsity fullback, was elected captain of the 1916 Oberlin eleven at today's annual football banquet of the college. Willis' work was one of the bright features in a dark season.

## SPORT SALAD

Wheeling high school team has won the scholastic football championship of West Virginia. Ooray.

Garry Herrmann is not going to retire from baseball. Not so one would observe by his re-election as the head of the Cincinnati team.

Over \$5000 was contributed to the Red Cross by spectators at Yale-Princeton game Saturday.

Jess Willard has refused an offer of \$17,500 to box Fred Fulton 10 rounds at Oshkosh.

Pacific Coast League will not permit any more exhibition games on Coast League parks.

Dartmouth's football player minus an arm may be an oddity, but football players minus heads are not.

Since the game ended as it did, we'll never know which is the worst—Penn or Michigan.

The allies have decided to call Tom Shevlin over and make him Head Coach.

## Writers Favor Minnesota

Some of the cities around Chicago without waiting for the Illinois-Chicago and the Minnesota-Wisconsin games of next Saturday, have started to single out the Western conference championship and they find the task anything but simple. Ohio's tie with Illinois is holding the Zuppke eleven back, and there is an inclination to look upon Minnesota as having the inside track.

## To Leave March 10th

Chicago, Nov. 17.—The Cubs were all set for the 1916 season today. All they need now is some ball players. President Thomas and Manager Bresnahan, back from Tampa, Fla., announce the Cubs have contracted to do their training in the cigar town the next three years. March 10 will be getaway day.

## Will Assist Coach Stagg

Paul Des Jardien, one of the greatest all-around athletes in the country, will turn professional in several months. He has agreed to assist Alonzo Stagg, of Chicago University, in coaching baseball, football, basket ball and track teams.

## LOOK OUT FOR COLDS--CATARRH

Don't let this Winter bring to you the annoyance of Catarrh and suffering which every man and woman who is afflicted with this disease, has cause to dread.

First of all remember, if you will continue to suffer with Catarrh, it is your own fault. Catarrh is worse in Winter because the most common place precautions against germs and contaminations are neglected.

We go to study theatres and inhale over and over again vitiated and germ-laden air. We sit in overheated rooms, neglect exercise, exclude fresh air because it's cold, and in a hundred ways do everything possible to assist in the ravages of a disease that is already making tremendous progress towards a complete sapping of vitality. It is small wonder that Winter brings additional annoyance to Catarrh sufferers. The nostrils, reasonably free in summer, are easily stopped up by the inflammation of the tender membrane, and the phlegm and secretions which cannot readily flow, aggravate the delicate lining of the throat and poison the system. Hawking and spitting becomes more frequent. In fact, Catarrh is not only a nuisance, danger and annoyance to the afflicted, but a continued menace to everybody. Anyone who comes in contact with Catarrh germs, expectorated or exhaled in stuffy rooms, poorly ventilated theatres or cars, may contract the disease. They'll think they have taken cold, but it is more likely that this insidious waster of strength and vigor has fastened itself upon them. They will soon know the Catarrh headache, the disagreeable closing of air passages, they may find it attacking the bones of the nose, the tissues of the ear, resulting in deafness, the loss of smell, for no part of a body is safe from the ravages of Catarrh. Catarrh makes you sick all over. It is a disease of the blood. It circulates through the system, and for this reason, sprays, washes, vapours and salves must fail in curing it. You can relieve Catarrh thoroughly and permanently. S. S. S. will cleanse the blood, relieve the membrane swelling. It will literally wash the blood free from the poison. S. S. S. goes directly to the source of trouble, enriches, while it cleanses the blood. It is a wonderful tonic invigorator. Write us particulars of your case and let our physicians help you get rid of this stubborn and dangerous malady. Our physicians are trained specialists; their services cost you nothing. We will take pleasure in answering questions. S. S. S. is for sale at drug stores. Refuse imitations. Write the Swift Specific Company, Medical Department, Room 16, Atlanta, Ga.

## Sheriff Makes Arrests In Effort To Stop Camp Rows

Two arrests were made by Sheriff Smith late Tuesday afternoon in connection with the trouble at the C. & O. Northern railroad construction camp back of Seiotoville last Sunday. Mike Miller and George Gruber, foreigners, and laborers in the employ of Reinhardt and Dennis, contractors, were placed under arrest and lodged in the county jail to await an examination.

Both men were more or less wounded in the affray, Miller having been shot in the left shoulder and Gruber having sustained two severe knife wounds, one on each shoulder. Miller is alleged to have wielded the knife, while Gruber is alleged to have done the shooting.

Another victim, Joseph Scheumach, was unable to be moved from his bed, on account of his injuries. He was wounded severely in the left side by knife thrusts.

Sheriff Smith also collected some damaging evidence to support a bootlegging charge against a member of the camp who is still at large. He confiscated two gallons of whiskey, several quart and pint bottles, filled with whiskey, nine bottles of beer and a large sack full of corn.

Investigation of a slight disorder Monday evening revealed the fact that the principals had left the camp since the trouble.

While returning to this city Sheriff Smith took into custody at Seiotoville John Johnson, a Hungarian laborer, who was arrested Tuesday morning for drunkenness and disorderly conduct. He was taken before Squire Basham, who fined him \$5 and costs. In default of payment he was remanded to the county jail.

## Valuable Horse Lost By Rev. Lightner

Friends of Rev. George S. Lightner, pastor of the Cheshire M. E. church, of Cheshire, O., formerly of South Portsmouth, have received word of the loss of his fine driving mare, "Nannie Rand", which occurred recently. The mare was valued at \$500 by its owner, who has sustained a serious loss.

A movement has been started by his friends at Cheshire to purchase another horse for him, as his financial condition will not enable him to buy one. Several of

his local friends have interested themselves in his behalf, and a contribution will likely be forwarded to him from this city.

The Times will be pleased to furnish any information to any prospective contributor.

## ONE MORE PRACTICE THEN REAL SECLUSION

Cambridge, Mass., Nov. 17.—The Harvard football squad was called out today for its last hard practice before the Yale game. The work tomorrow will be light, and chiefly in the nature of a reception to the team by a cheering throng of undergraduates, after which the players will go into seclusion until time for the game.

In their work this week, the regulars have faced a second team which has been thoroughly schooled in Yale plays by "Reggie" Brown, a Harvard scout, who has seen every game played by the Blues this year. The football field is being kept in good shape by a covering of straw each night to keep out the frost.

It's just fine. Don't stay stuffed up with a cold or nasal catarrh.

## RANGE EXPLODES, WOMAN IS BURNED

Mrs. James H. Delph, who, with her little son, Vernon, joined Mr. Delph at Nelsonville last Thursday, their new home, narrowly escaped very serious injury Monday morning.

Mrs. Delph was preparing breakfast when the large Equity gas range exploded, hurling her across the room with much force,

while the flames filled the kitchen. She was quite severely burned on both arms and hands, and suffered much from the shock of her terrifying experience. The range, a particularly large and fine one, with all safety appliances, has been in use for two years. It is supposed that in transportation

from here to Nelsonville some pipes were sprung or loosened, which caused the explosion.

The Delphs are nicely situated in a fine new six room bungalow, and as they formerly resided for four years there, they are quite at home, although they miss many friends made during their residence in Portsmouth.

## Vienna Camp Makes Nominations; Banquet Will Follow Election

Vienna Camp, Sons of Veterans, held a splendid meeting Tuesday evening. The nomination of officers for the year 1916 was the big feature.

Those placed in nomination were:

Commander—Gilbert F. Dodds and David P. Scott.

Senior Vice Commander—Chas. C. Bennett.

Junior Vice Commander—Oscar Trimmer.

Camp Council—Henry Wedderburn, Cary Riggs and W. H. Williams.

Nomination for election of officers was held open until next meeting and some others may get in the race. The staff will be appointed by the in-coming commander.

It was decided to have a banquet to follow the election on first Tuesday in December. John R. Skelton and George S. Carroll will arrange for the "eat," and Gilbert F. Dodds and Harry M. Siskles are the "booster" committee to provide a "full house" for that night.

The camp by unanimous vote decided to assist the district aide, Harry M. Siskles, in his reorganization work in any manner possible and to accompany him on official visits in force. Plans were also made for a series of visits in this county.

The one week's campaign to draw into the camp every eligible in the city will be made the second week in January. The "old boys" of the G. A. R. will be in the ranks with the boys in this campaign.

Some good stories by the inimitable Captain "Billy" Williams and a good talk by County Auditor S. D. Eukhart were enjoyable features of the meeting.

The drum corps gave stirring music before and after the meeting.

## Grease Fire

A pan of grease in the oven of the gas stove in the kitchen of the Al Bradshaw cafe, 1204 Eleventh street, caught fire about 3 o'clock Tuesday afternoon when a match was applied to the oven burner. The flames quickly communicated to the wall paper.

Several buckets of water quenched the flames before the kitchen was badly damaged. One man attempted to turn in an alarm from box 65 but did not know how to operate the box. Chief McQuat later examined the box and found it in perfect working order.

## Uses Taxi To Call On Husband Who Is Taken To Cincinnati Works

Police Chief B. E. Allen took Charles Henderson, a negro, to the Cincinnati workhouse Wednesday morning. Henderson was convicted a few days ago of "boot-legging." His own wife, "Black Agnes" Henderson, gave the

police the information that led to his undoing. She called at the prison late Tuesday afternoon to bid him good-bye, and a woman friend making the round trip in a taxicab. She told officers she expected to return to Virginia.

## Whiskey Missing; Negro Is Accused

George Nolan, a strange negro, was arrested by Officer Callahan Smith early Wednesday morning for alleged stealing a case of dozen quarts of whiskey from Tod Cropper's saloon.

Nolan is said to have deliberately picked up the box from its storage place near the rear door of the saloon, walked over the N. & W. tracks to Eleventh street and entered the Twentieth Century saloon through the front door. He asked the man on duty to open the box but he flatly refused, suspecting immediately that it was stolen property.

Nolan offered to prove that he had not stolen the whiskey and led the way back to the Cropper place after some aged man had stepped in and reported having seen him commit the theft.

Arriving there Nolan was confronted by several others who also accused him of the theft and he was cornered and held until Officer Smith could reach the scene. He was locked up at the city prison. According to the police Nolan was released from the Catlettsburg, Ky., jail only Monday, having served sentence there also for stealing whiskey.

## DISMISS SUIT WITHOUT RECORD

The case of Charles Barlow, and others against William Tilton and others, a suit to dissolve the Building Trades Council, was dismissed without record in the Scioto county court of appeals Tuesday for the reason that the Building Trades Council has voluntarily dissolved since the filing of the suit. The defendants secured the verdict in the

lower court before Judge Tarrall, of Brown county, and the case was carried up to the court of appeals by Attorneys Blair and Kinble, for the plaintiffs.

The court of appeals concluded its work of hearing cases in one day's session, but the judges will remain here until Friday or Saturday, reviewing the cases that have been brought to their attention.

## GROCEER FINDS CHICKENS HUDDLED UNDER FLOOR OF CHICKEN COOP

J. J. McCall, grocer, at 717 Campbell avenue, on looking at his chicken coop several mornings ago, found the door of the coop open and all the chickens missing.

A closer survey of the

ground found the chickens huddled together under the coop. Someone had opened the door or the wind blew it open. Mr. McCall is thankful the cold weather for keeping his chickens so close to their place of roosting.

Mrs. John Gikerson of 1547 Seventh street, who took first prize on the largest variety of bread and rolls at the recent Korn Carnival, was the recipient Tuesday of a half of barrel of Pyramid

## MISSING, ONE MUSTACHE

Help! George S. Carroll has shown that flowing artistic mustache that was truly an adornment, and now looks somewhat like a concrete silhouette of Sam Gompers, John D. Rockefeller and the "face on the Pyramids."

None of the fellows in George's set are "taking" to the change in his appearance, and that's not all—he has distinctly "queered" himself with his women folks at home, while the fellows of Vienna Camp, Sons of Veterans, in which he has long been one of the main cogs, are thinking seriously of

trying him by Drum-head Court Martial under the 167th article of war, which provides severe penalties for the wanton destruction of military appendages and equipment.

## Elegantly Appointed Smoke House Is Formally Inspected

Formal opening of the Smoke House's beautiful new quarters in the Richardson block on Chillicothe street Tuesday evening was an event that will long be remembered in the city. Few cities in the size of Portsmouth can boast a more up-to-date place.

The handsome fixtures, down stairs are of the very latest design, the show cases are of an unique and attractive make, the plate glass front is constructed along new lines and the poolroom with its 12 tables on the second floor is ideally equipped. They are finished in mission, there are

individual coat hangers for each player and every little convenience that makes for good service has been provided for by Proprietors Frank Stanton and George McMahon, who were showered with congratulations last night by a throng that taxed every inch of floor space in the new quarters. It was conceded that the Smoke House is modern in every detail, and is a credit to the city. The arrangements are simply ideal. Plans for the extensive improvements were drawn by Architect Bitter and Bates.

Carnations were given away as

souvenirs last night, and many hundreds of them were handed out. The Anderson Trio was stationed on the second floor and discoursed sweet music for the opening, which was a magnificent success. The Smoke House is a veritable club house, and is sure to be well patronized by lovers of the weed and those who like to show their skill as a pocket billiardist.

The first game of pool in the new place was played by Edward "Irish" Conwell, and he had the honor of beating J. F. Patta. In the second game Carl Snyder beat Earl Hannahs.

## Judge J. W. Bannon Is New Head Of Local Bar Assoc'n

Preliminary arrangements were made at a meeting of the Scioto County Bar Association Tuesday evening for a banquet of the association at an early date. Judge A. Z. Blair is the chairman of the committee named to have charge of the arrangements. The other members of the committee are Anselm Skelton and Stanley McCull.

The resignation of George O. Newman, former dean of the local bar, who recently moved from this city to Columbus, as president of the association was reluctantly accepted, and Judge James W. Bannon was unanimously chosen in his stead as president for the coming year.

Other officers elected were: Vice president, Theodore K. Funk; secretary, J. F. Johnley; treasurer, Frank W. Moulton; librarian, Arthur H. Bannon; trustees, Judge A. T. Holcomb, Judge George M. Osborn, Judge James S. Thomas, George D. Seudder and Henry T. Bannon.

D. W. Gustin, new law partner of George M. Osborn, who has entered the local practice during the past year, was elected into membership in the association.

Over twenty attorneys were present at the meeting, which was presided over by J. P. Purdum. The meeting adjourned to meet Tuesday evening, November 30.

## OBITUARY

Harold Henson.  
Harold, bright little two year old son of Mr. and Mrs. Thaddeus Henson of 417 Waller street, died Tuesday afternoon after a long illness. The funeral services will be held Thursday afternoon at two o'clock from the Morris Chapel on the West Side. Interment will be made in Larkins' cemetery.

Peter V. Doll.  
Peter V. Doll, aged 46 years, a well known West Side bottom farmer, died suddenly at his home in Berlin P. O., Tuesday evening at 7:30 o'clock.

When Dr. Harry Rapp was first called to attend the stricken man about the middle of the afternoon he found Mr. Doll suffering great-

ly. The physician administered medicine and returned again in the evening but Doll expired shortly after. Dr. Rapp assigned heart failure as the cause of death and so declared in the death certificate.

Mr. Doll, according to neighborhood talk, is said to have worried of late over the continued ill health of his wife, Mrs. Margaret Doll, who is an invalid and has not walked a step for the past four years. They have no children.

Mr. Doll was a son of the late Peter Doll, who was one of the old guard of the Davis distillery employees at Union Mills. Besides his wife he is survived by two brothers, John and Grant Doll of Nauvoo, and five sisters, Mrs. Robert Fox, Mrs. Ara Funk, Mrs. Nettie Allen, of Nauvoo, Mrs. Bert Pyle of the Seito Trail and Mrs. Maggie Miller of Lick Run. He was a member of the Knights of Maccabees. The funeral will take place from the late home Thursday afternoon at 1:30.

## COAST LINE IS WATCHED

Paris, Nov. 17.—Great Britain has requested the Spanish government to keep a strict watch along its coast line, especially that of Morocco, to prevent violations of neutrality by German agents who are believed to be supplying submarines with fuel and food at night, says the Journal's Madrid correspondent.

## MAKE THE ROADS BETTER BY JESSE TAYLOR Editor of Better Roads and Streets

Road agitation should be keen in every county and township. Ancient wisdom built roads for war, but modern thought wants roads for commercial and industrial reasons and for pleasure.

Do you know that the Federal Government has as much right to aid road construction as it has to build post offices, construct locks and dams in our rivers and keep our harbors open?

Good intentions go a long way, but you really have to get the money before you can build a road.

The construction of one mile of good roads will breed the desire for more miles.

Without care and some proper system of maintenance our roads will always be just as you see them now.

Your grandfather's way of building roads will not hold up under present day traffic.

The road question has ceased to be a local one and it is now inter-county, inter-state, and nation-wide.

Don't try to repair your road with politics, for it will make two holes where one now appears.

A bad foundation insures a bad surface.

DESIGN FOR BABY PILLOW.

For this dainty design use fine linen. Work entirely in satin stitch. Through the ribbon eye-lets run a soft three-inch ribbon, finishing with a bow across corner as indicated by mark. The back should be finished with lace buttons and loops so as to be easily laundered. Use mercerized cotton No. 35.

DIRECTIONS FOR TRANSFERRING  
In taking off these patterns, lay a piece of impression paper upon the material, place the newspaper pattern over this, and with a hard, sharp pencil draw firmly over each line. If the material is sheer it may be laid over the pattern and drawn off with pencil, as the design will show through.  
No patterns of these designs are available.

## RE-ELECT DIRECTORS

The stockholders of the Baltimore and Ohio railroad in annual meeting today re-elected the board of directors as follows: Oscar G. Murray, chairman; Edward R. Bacon, Robert Garrett, Charles

W. Harkness, W. Averell Harriman, R. Brent Keyser, L. F. Loree, John R. Marron, Charles A. Peabody, John G. Shedd, James Speyer and Felix M. Warburg. The meeting was held in Baltimore.

Martha W. Therkildson, a seed merchant, of Ironton, Ohio, yesterday filed a voluntary petition in bankruptcy in the United States District Court, scheduling liabilities at \$1,408 and assets at \$899.47. The failure of the petitioner appears to have been the result of a fire last May which destroyed her stock in trade. Her

largest unsecured creditors are Woods, Stubbs & Co., of Louisville, \$217.72, and Jerome B. Rice Seed Co., of Cambridge, N. Y., \$796.78. Her assets include \$100 worth of household furniture, etc., and cash on deposit in the Second National Bank, of Ironton, amounting in the sum of \$600.—Cincinnati Enquirer.

## WILL HOLD A JOINT SOCIAL WITH MACCABEES

At a meeting of the Women's Benefit association of the Maccabees held Tuesday evening it was decided to hold a joint social with the Knights of the Maccabees on the evening of November 30. Tickets will soon be placed on sale. Word was received that the Maccabee District Rally which was to have been held in Chillicothe Thursday has been postponed until December 9. Several lodges of the district have a membership campaign on at present and all want their new members initiated before the trip is made to Chillicothe. Three applications were received at Tuesday night's meeting. All policies that have not been changed to read Women's Benefit association should be sent to Record Keeper Mrs. Harold Martin for correction.

## ON WAY TO GERMANY

Rome, Nov. 17. (Via Paris)—It is announced by the newspapers that M. Stratos, former Greek minister of marine, is on his way to Switzerland whence he will go to Germany, supposedly on a special mission.

Outwitting the Court.  
"I understand that when Dibbles and his wife separated they perred the best of friends."  
"So they did, unluckily for Mrs. Dibbles."  
"Why so?"  
"Dibbles pays her alimony every month and then harrows half of it back."—Birmingham Age-Herald.

## BACK FROM TRIP
